---

Randy,

Patsy Arthur
55011 Sixth St
Astor

937-689-5964

Is very upset that her road is not maintained. She called last Tuesday afternoon about her road, but didn't claim that it was impassable, so I didn't make up a Request. She wanted to talk to someone about getting their road paved, so I told her briefly about the Special Assessment Program and emailed her information to Sherry McDermott. Deb Marchese called me on Wednesday morning, having heard the voice mail I had also left for Sherry, and told me that Sherry was out, so I forwarded the information to Deb.

Kathy got a call from Ms. Arthur this morning, transferred from Deb. Ms. Arthur wants someone to explain to her why her road is not maintained, and why Third St got paved, when the residents on that road didn't have to pay an Assessment. She also asked Kathy when the Commission meets, and Kathy told her Tuesdays @ 09:00.

Also, when I spoke with her last week, she said that her deed and those of her neighbors say that their road is to be maintained by the County. Since she made such a fuss about her deed, I looked it up. (ORB 3514 PG 1960) It does not mention road maintenance. Plat Book 3 Page 45 indicates 60 ft of Publicly-Dedicated Right-of-Way, but also does not mention maintenance. I also gave this information to Deb last week.
