### TAKE ADVANTAGE OF THE PRIMARY CARE CONNECTION-EMPLOYEE HEALTH AND WELLNESS CENTER

Services through the Wellness Center are free for anyone covered under the Lake County health plan, including dependents ages two and older. Center staff are board certified and can diagnose, treat, and prescribe medications. Center staff can also dispense common generics for free.

## What you need to know

- ✓ The PCC can be used as your primary care service, or in conjunction with your current primary care doctor.
- ✓ You can use the PCC for lab services at a lower cost and the results can be sent to your physician prior to your visit.
- ✓ **Skip the pharmacy!** Prescriptions for common generic medications will be dispensed directly at the PCC after you've seen the doctor.
- ✓ Free annual wellness exams can help to catch medical problems early, and regular visits may improve the management of chronic disease.
- ✓ Your health information will be kept private and confidential and cannot be shared with your employer, unless you are receiving treatment for a work-related injury.

To make an appointment call the scheduling line at 1-866-959-9355 | 1939 Salk Ave., Tavares

# PHARMACY CHANGES

Medical plans across the nation have seen major increases in charges related to prescription costs. Florida Blue will be changing our prescription program (**effective 10/1/2019**) in the following ways:

Participants will no longer be able to fill prescriptions through the plan at CVS or Target pharmacies. Prescriptions will still be covered under the plan at other current providers like Publix, Walgreens, and Winn-Dixie. Participants also have access to Florida Blue Prime Therapeutics Mail-Order prescription service. See below for more information. To search for pharmacy providers, visit [www.floridablue.com](http://www.floridablue.com).

★ *The pharmacy must fill a generic. However, employees who prefer a brand when a generic is available will pay the difference in cost between the brand and the generic along with any applicable member cost share.*

## The Florida Blue Prime Therapeutics Prescription Mail Order Program

No need to wait at the pharmacy, set up an account today with Prime Therapeutics. When it's time for a refill, get your medications delivered directly to your home. Request a 90 day supply and save on co-pays—standard shipping is free.

Getting started with the Prime Therapeutics Prescription mail service is simple:
