

Priority Project #2

Reinstall / update all crosswalks at school driveways to FDOT ladder style crosswalks

Findings:

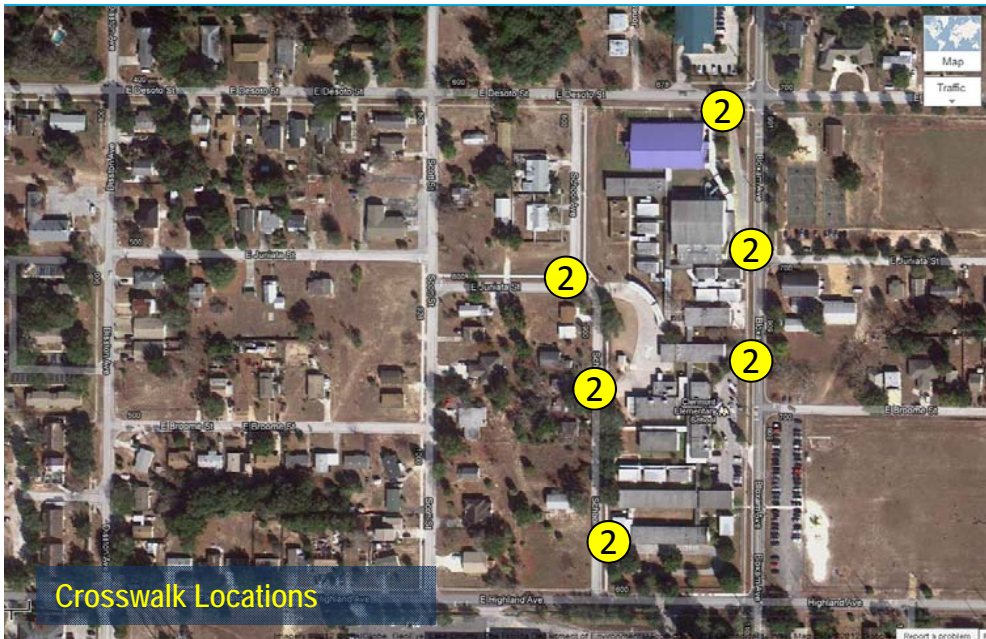

- ✓ Most of the crosswalks accessing the school, or crossing school driveways, have become faded, or have been paved over and need to be re-painted / established. Much of the pavement on the older sidewalks around the school need to be repaired.

Recommendation:

- ✓ Repaint all of the crosswalks at school access points or driveways

Repaint crosswalks at all School Driveways

Crosswalk Locations

FDOT ladder style crosswalk

No crosswalk with sign
