

A SAFE SCHOOLS TRANSPORTATION STUDY

Cypress Ridge Elementary School

Priority Project #2

Mark Crosswalks at all School Driveways

Findings:

- ✓ There are no marked crosswalks across any of the school driveways on East Ave or Oak St
- ✓ Although in most cases, students would not be crossing the driveways when entering or exiting the school, pedestrians should be acknowledged as having the right-of-way at the driveways

Recommendations:

- ✓ Mark crosswalks across all school driveways using high visibility FDOT ladder style markings

Eastern school driveway on Oak St

Southern school driveway on East Ave

Northern school driveway on East Ave
