Findings:

✓ School has desire to remove front row parking after an accident involving a student

   ✓ Currently barricade spaces; students drive around barricades

Recommendations:

A. Low Cost Improvement: Repaint parking spaces as No Parking and enforce towing of unauthorized vehicles

B. Preferred Improvement: Grass extension with curbing and sidewalk (yellow dashed line – Project 2) as shown, Install ADA accessible ramp with detectable warning mat at crosswalk

Priority Project #2

Option B

✓ Install crosswalk at walkway leading into campus

✓ Install stop sign at visitor parking lot exit east of car loop
