## PUBLIC HEARINGS ANNOUNCEMENT

The Florida Department of Transportation (FDOT) will hold two public hearings for the State Road (S.R.) 50 Project Development and Environment (PD&E) Study. The PD&E Study recommends the widening of S.R. 50 to four lanes from U.S. 301 in Hernando County to County Road (C.R.) 33 in Lake County, a distance of 20 miles. The need for these improvements includes roadway capacity and safety. For convenience purposes, the FDOT has scheduled these hearings on the following dates/times:

### Public Hearing #1

**Tuesday, Nov. 27, 2018**

Mascotte Civic Center  
121 N Sunset Ave.,  
Mascotte, FL 34753

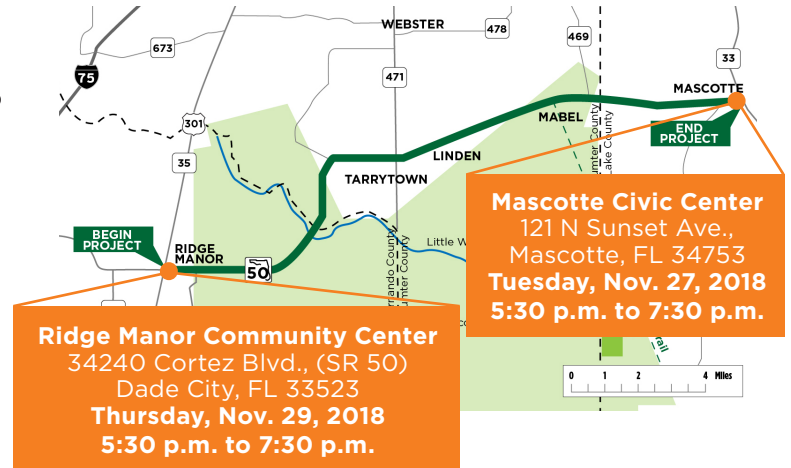

**From 5:30 p.m. to 7:30 p.m.**

### Public Hearing #2

**Thursday, Nov. 29, 2018**

Ridge Manor Community Center  
34240 Cortez Blvd.,  
Dade City, FL 33523

**From 5:30 p.m. to 7:30 p.m.**

A PD&E study blends engineering evaluations, environmental analysis and public involvement. It is the FDOT's process to adhere to the National Environmental Policy Act (NEPA) and state requirements. The hearings, which will contain the same information at each event, will begin as an open house format at 5:30 p.m. A formal presentation will be given at 6:30 p.m., followed by a public comment period. Members of the study team will be available to answer questions and obtain input from attendees. A certified court reporter will also be present to collect and document comments, and will prepare a verbatim transcript of the presentation for the project record.

This newsletter is being sent to all property owners within at least 300 feet of either side of the proposed project and to other public officials, regulatory agencies, organizations, and individuals interested in the project.

These public hearings are being conducted to give interested persons an opportunity to express their views concerning the location, conceptual design, and social, economic, and environmental effects of the proposed improvements. The project consists of roadway widening, intersection improvements, and enhanced pedestrian and bicycle features. Draft project documents will be available for public review from Nov. 6, 2018 to Dec. 10, 2018 at the locations listed below and on the project website ([cflroads.com](http://cflroads.com); search by project number 435859-1 to access the project webpage).
