STATEMENT OF INTEREST & UNDERSTANDING OF PROJECT

Forefront Architecture & Engineering
1230 Oakley Seaver Dr. Unit 100
Clermont, FL 34711

September 20th, 2021

Bill Ponko
Contracting Officer
Lake County

RSQ 21-0914 – Supervisor of Elections Building Design

Dear Members of the Selection Committee:

Lake County's mission is to provide exceptional service; enhance and protect the quality of life for all Lake County citizens; facilitate a vibrant economy with an abundance of workforce opportunities; and exercise fiscal responsibility, while using innovative approaches and making well-planned decisions. We know this to be true because Forefront Architecture and Engineering, LLC is lucky enough to be located within Lake County, Florida. Not only is our office in **Clermont**, but the majority of our employees live in Lake County and their children attend the local schools. **Lake County is a hidden gem that we are honored to call home.** Working for our home county would give us nothing but pride as we work to assist the local government, and for that Forefront thanks you for the opportunity to submit our expression of interest/Statement of Qualifications to Lake County for the **Supervisor of Elections Building Design**. This opportunity is near and dear to our hearts as it affects not just our jobs, but our homes and our families.

Dedicated and Experienced Local Team

A resident of Leesburg, and leading Forefront team is our **Principal-in-Charge, Todd Drennan, AIA**. He will guide our team and remain involved from inception through completion of this project. Todd will use his recent experience to bring your vision to life. In addition, our **Staff Architect Patricia Mugnol**, a resident of Clermont, has an imagination that truly knows no bounds and she endeavors to make each project more special than the last. Working alongside Todd and Patricia is a qualified team of specialized staff that will ensure the project is in compliance with all the County's requirements. **This will be your dedicated team throughout the lifespan of this project barring an unforeseen circumstance. If for some reason any chances have to be made we will promptly notify the county and provide options for a replacement counterpart.** Because our firm is comprised of both architects and engineers, there is a full spectrum of understanding the building industry needs and objectives. These professionals have a combined background of well over 100 years of construction and related engineering & architecture experience. This depth of knowledge and experience embodies specialties in all facets of commercial, industrial, and institutional projects.

Additionally, our team includes Archis, Inc. and TFE Consultants. These are proven teams who understand the importance of accessibility and exceeding your expectations. Archis is a diversified technology firm that consults, plans, designs, implements, manages, and maintains Technology Systems and Solutions. Partnering with companies such as Microsoft, Cisco, Oracle, Fortinet, Ring Central, and many others they deliver business solutions that are secure, reliable, and scalable. "One source for your technology solutions" is one of their core values. Their program, project and construction management services and experiences allows them to excel in providing design-build, turnkey technology systems and solutions. TFE Consultants is a local MEP Company that is operated by Chris Frasier who is an expert in his field and has immense experience in mechanical, electrical, and plumbing systems within the construction industry.

Forefront has reviewed and analyzed the referenced RSQ regarding the Supervisor of Elections Building Design and we understand and comprehend the statement of work and are prepared to meet all requirements. We have analyzed our current project workload and we've determined that based upon contract award in the 4th quarter of 2021, we can anticipate a commencement date shortly after receipt of contract award. We expect to accommodate the scheduling and completion of this project in a timely and efficient manner.

Should you require any additional information, please do not hesitate to contact the undersigned directly.

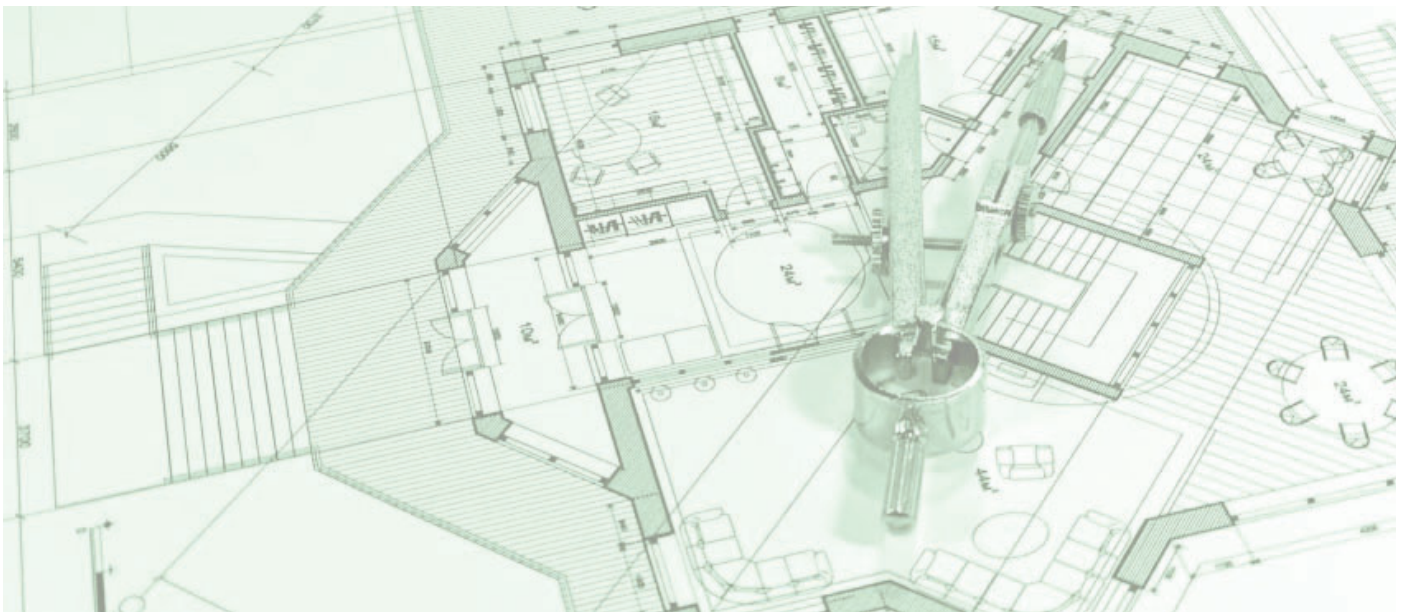

Sincerely,

Todd Drennan
Vice President of Architecture

Hans Bentzon
Chief Executive Officer

FOREFRONT BACKGROUND

Forefront currently has a staff of over 30 architects, structural engineers, inspectors, quality assurance experts and administrative staff. Since our founding, Forefront has grown steadily in both public and private sectors. Forefront provides our services in a variety of different market sectors including commercial, institutional, residential, healthcare, retail, and hospitality/entertainment.

Forefront, is an architectural and engineering firm that brings together the talents of registered design professionals offering exceptional services. As our firm is comprised of both architects and engineers, there is a full spectrum understanding of the building industry. Our professionals have a combined background exceeding one hundred years of construction and related experience. Our depth of knowledge and experience brings together specialties in all facets of civic, educational, commercial, hospitality, industrial, and residential projects.

The firm is further enhanced with management and support personnel merging decades of direct personal knowledge and expertise. This total package insures each venture has the correct personnel in a direct supervisory position insuring effective project development while being properly staffed to meet demanding project requirements.

Forefront has experience designing ground up projects as small as 500 square feet and as large as 50,000 square feet. We have also accomplished many remodels or finished shell buildings. These projects are sometimes simple single use structures, as well as are complex with multiple occupancies. **Our team members are cross-trained in various disciplines which allows us to move personnel from project to project with ease. We can scale our team to meet the needs of each client in a timely manner.**

The goal for every design project is to provide our client with the most efficient utilization of energy, space, and finances. This practice results in a design solution which is most advantageous to the Owner. The Forefront philosophy "is to know each client's needs and expectations and to provide sound and innovative architectural and engineering design and to exceed your expectations." In order to bring this philosophy to life, we live by these stated goals:

CORE VALUES

INGENUITY

Our staff consists of apprentice level to expert level professionals who all share the belief in continual development of knowledge. This process allows Forefront to deliver services that are both creative and innovative. We don't perceive challenges as problems, but rather as opportunities.

INTEGRITY

At Forefront we practice honesty and ethics in all aspects of business both internally and externally. We strive to develop relationships that are in essence partnerships. In addition to our operational practices, integrity is at the "forefront" of our design methodologies.

QUALITY

We strive to achieve the highest quality standards in every undertaking. It is Forefront's primary objective to exceed expectations in every way. Our passion, diligence, and accountability ensure that unparalleled service is provided on a consistent basis. Effective designs and service are what we deliver.

FLEXIBILITY

Forefront understands the importance of adapting to market and client needs. Our willingness to change allows us to be both reactive through rapid response and proactive by reaching beyond typical boundaries. Flexibility provides a level of service that enables our clients to be resilient while maintaining a continuity and competitive edge.

ADDITIONAL FIRM INFORMATION

All-Inclusive Service Serving a Diverse World

At Forefront, we wear our history with pride. We are 27 years young and like the built environment we design, the quality, sustainability and strength of our foundation is integral to our longevity and purpose. Originally starting back in 1994, Lindemann, Bentzon, and Bojack gained a reputation as one of the most highly respected firms earning a solid notoriety for completing projects ahead of schedule and below budget. In 2014 Forefront arose from Lindemann, Bentzon, and Bojack and have continued on their legacy maintaining the old relationships while garnering new ones.

Forefront understands that to holistically serve our clients, delivering innovative design solutions is not about the whole picture. **We believe a firm must embody the core values of Flexibility, Ingenuity, Quality, and Integrity.** However, without question, the most important factor in Forefront's success and longevity is the quality people that comprise the Forefront team. As a multi services firm, developing our staff is integral to the cross utilization of resources and optimal efficiency and productivity of our team. As such, Forefront professionals are agile, flexible, and strategic.
