

**ARDAMAN & ASSOCIATES, INC. – Dun & Bradstreet No. 060253853**

Ardaman & Associates, Inc., is a financially solvent company with a 62-year history in Florida. We have all the resources, human and financial, to provide the services at the level required by Lake County. Further, Ardaman is a wholly owned subsidiary of Tetra Tech, Inc., a \$4 billion plus national, publicly traded engineering company. As a subsidiary, our financial statement is rolled into the overall financial statement of Tetra Tech. Ardaman's local financial officer to contact on these issues is:

Mr. Jim Jamwant, CPA, Comptroller  
8008 S. Orange Ave., Orlando, FL 32809  
(407) 855-3860 | E-mail: [jjamwant@ardaman.com](mailto:jjamwant@ardaman.com)

**TETRA TECH, INC. – Dun & Bradstreet No. 801215968**

Tetra Tech, Inc. is a publicly traded company (TTEK on NASDAQ) with financial strength, substantial cash reserves and credit capacity, and the transparency and accountability of a \$3.4 billion publicly traded firm. In 2021 our 20,000 global employees worked on more than 74,000 projects in 120 countries around the world. As we have grown, we have built upon our founders' vision of a consulting and engineering company dedicated to Leading with Science®.

**SOUTHERN RESEARCH LABORATORIES, INC. – Dun & Bradstreet No. 879748358**

Southern Research Laboratories, Inc. (SRL) is a state-certified minority owned firm, founded in 1991. For the past 30 years there has been no disruption of business with no significant deviation of financial assets.

SRL provides state-of-the-art environmental analytical services to consultants, government entities, and industrial clients. Typical matrices of analysis include groundwater, soils, sediments, petroleum products, industrial and hazardous waste, and storm water. We have extensive experience (over 100 years combined) on Phase II Environmental Evaluation samples, petroleum products clean up, remediation projects, dry-cleaning clean up and remediation projects, and landfill sample analyses.
