

VENDOR PROFILE

Statement of Interest & Understanding of Project

TJKM Transportation Consultants (TJKM) is pleased to submit our Statement of Qualifications for On-Call, Transportation and Traffic Engineering Services on an as-required basis for Lake County, Florida.

TJKM is a transportation planning, traffic operations, and engineering firm with offices in Florida, California, and Texas. For over 45 years, TJKM has been involved with all aspects of transportation planning and traffic engineering to improve the quality of life for the constituents our clients serve. TJKM commits to the County a dedicated, seasoned transportation engineer in our Tampa office who has the support of our entire company and the demonstrated capabilities to meet the technical, managerial, and schedule challenges to be encountered with any transportation-related project. The team offered by TJKM has the creativity to develop innovative mobility solutions to meet any of the County's project goals.

To meet the specific needs of the County, I am pleased to propose Mr. Roger Henderson, P.E. (FL), AICP as the Project Manager for this contract, bringing to the team over 40 years of professional experience in transportation planning, traffic engineering, and complete streets. TJKM develops plans that are practical, implementable, and backed by community members and stakeholders. We encourage the County to review our qualifications and learn more about our team. Our team has worked on thousands of plans, projects, and studies to great success across the country. We appreciate the opportunity to provide our services to the County.

Project Understanding

Lake County wishes to have engineers available to complete tasks on short-notice so one or more on-call contracts are being offered. There is a range in type of assignment so the TJKM Team offers a range of engineering talent to Lake County. We are joined by a firm in Tavare – Half Associates will provide Project Development and Environmental (PD&E) studies as well as preliminary engineering plan preparation. TJKM's Project Manager Roger Henderson, PE, AICP is a professional engineer in Florida and a certified planner with a focus on transportation planning, public engagement and multimodal, complete streets. The range in services TJKM is ready to serve the County on includes all of the following:

Planning:

- Site-related studies that include preparing or reviewing traffic impact study reports, DRIs, concurrency reviews and ensuring compliance with the Lake County Impact Fee ordinance. The requirements are exacting and must follow specific requirements.

- Area-wide plans including neighborhoods, districts and specific areas. These could be a downtown master plan or another growing area in the county. TJKM approaches areawide plans with a multimodal focus and a level of specificity in developing an implementation plan.
- Systems plans including transit, active transportation and Comprehensive Plan level analyses that use the transportation model.
- Project Development and Environment studies are prepared to move a project along in the implementation process by fulfilling state and/or federal requirements to secure State and/or federal funding for the project. The PD&E study prepares a project for the design phase.

Traffic Engineering:

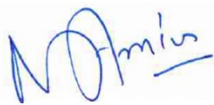

- Data Collection – there is a wide range of data used in traffic engineering and tools used in data collection. TJKM would provide an employee to supervise on-site and a subcontractor to provide staff and equipment to collect data.
- Intersections – analysis and design of alternative improvements can be conducted using advanced microsimulation models and design guides. TJKM has expertise in the latest versions of SYNCHRO, VISSIM and TransModeler along with new design treatments for pedestrian and bicyclist safety. TJKM will prepare signal plans as well as pavement marking and signage plans.
- Corridors – analysis at the corridor level may lead to major investments that tend to span several design projects that can take many years to build. TJKM has expertise conducting corridor studies that lead to short, mid and long-term recommendations. Half Associates will prepare preliminary engineering plans when needed.

Contact & Commitment

During the proposal process, please feel free to contact TJKM Project Manager, Mr. Henderson at (813) 947-1309 or by email at rhenderson@tjkm.com. As President of the firm, I am authorized to bind TJKM to a contract and you have my personal assurance that all the resources necessary to address the County's needs will be made available and ready to perform when the opportunity arises. We look forward to hearing from you regarding consultant selection.

Sincerely,

TJKM Transportation Consultants

Nayan Amin, TE, President

Firm Profile/Firm History

TJKM, founded in 1974, is a traffic engineering, traffic operations, and transportation planning firm that provides professional services throughout California, Texas, and Florida. TJKM currently has a staff of 40 employees with offices in Pleasanton, San Jose, Fresno, Sacramento, and Santa Rosa, CA; Austin, TX; and Tampa, FL. For over 45 years, more than 3,500 satisfied clients have entrusted TJKM with their critical work. We serve a full-range of clients, including municipalities, congestion management agencies, metropolitan planning organizations, transportation agencies, private developers, other consulting firms, and attorneys. TJKM has been involved in more than 8,000 transportation projects throughout California, and averages about 240 new projects each year. TJKM's primary service categories include transportation planning, traffic safety, traffic engineering design (including PS&E), traffic operations, corridor studies, intelligent transportation systems (ITS), and multimodal studies. Our motivation comes from satisfying clients' objectives and improving communities. TJKM has a strong roster of both public and private sector clients and continually builds upon this base.

Our planners and engineers have worked on the public side of the desk for years as municipal engineers, developing superior skills in collaborating with the public and city councils and, more importantly, crafting excellent relationships with the right people.

Our project managers, engineers, and planners have "hands on" experience and understand the latest requirements, technologies, trends, and standards. Our experience with local agency processes keeps projects moving faster; and know-how from thousands of engagements helps us complete projects on time and within budget.

Halff Associates, Inc., is an employee-owned full-service engineering and architecture firm with an office in Tavares, Florida. The firm's staff of 1,000 includes engineers, architects, planners, scientists, and surveyors. Halff is ranked No. 102 in Engineering News-Record magazine's list of the top 500 design firms in the United States. The firm was founded in Dallas in 1950 by Albert H. Halff, PhD-Eng., PE. Today Halff Associates preserves Dr. Halff's legacy of integrity, dedication to client service, and commitment to quality. They are a progressive firm committed to providing value with creative solutions to design challenges.

Their people are individuals with diverse, yet complementary, professional backgrounds. They know this attribute, more than any other, allows them to maintain a loyal client base. "We are members of a company built on integrity, technical knowledge and commitment to client service." Relevant services provided by Halff include:

- Environmental
- Geographic Information Systems
- Intelligent Transportation Systems
- Planning
- Transportation
- Visualization

Halff Associates provides other services that may or may not be needed by Lake County but we would like you to know the following are available: surveying, subsurface utility engineering and coordination, landscape architecture, right of way acquisition, construction services, and other types of public works project needs such as structures, water, wastewater and stormwater engineering.

SECRETARY

June 29, 2021

Nayahn Amin, President
T J K M, INC.
4305 Hacienda Drive, Suite 550
Pleasanton, California 94588

Dear Mr. Amin:

The Florida Department of Transportation has reviewed your application for prequalification package and determined that the data submitted is adequate to technically prequalify your firm for the following types of work:

- Group 6 - Traffic Engineering and Operations Studies
 - 6.1 - Traffic Engineering Studies
 - 6.2 - Traffic Signal Timing
 - 6.3.1 - Intelligent Transportation Systems Analysis and Design
 - 6.3.2 - Intelligent Transportation Systems Implementation
- Group 7 - Traffic Operations Design
 - 7.1 - Signing, Pavement Marking and Channelization
- Group 13 - Planning
 - 13.3 - Policy Planning
 - 13.4 - Systems Planning
 - 13.5 - Subarea/Corridor Planning
 - 13.6 - Land Planning/Engineering

Your firm is now technically prequalified with the Department for Professional Services in the above referenced work types. The overhead audit has been accepted, and your firm may pursue projects in the referenced work types with fees of any dollar amount. This status shall be valid until June 30, 2022, for contracting purposes.

Approved Rates

Home/ Branch Overhead	Facilities Capital Cost of Money	Premium Overtime	Reimburse Actual Expenses	Home Direct Expense
141.20%	0.065%	Reimbursed	No	7.52%

*For multi-year contracts, DOT has adjusted the overhead rates to mitigate the adverse impacts of Payroll Protection Program loan forgiveness. For information on the adjusted overhead rates, contact the district Procurement Office.

Per Title 23, U.S. Code 112, there are restrictions on sharing indirect cost rates. Refer to Code for additional information.

Should you have any questions, please feel free to contact me by email at carliayn.kell@dot.state.fl.us or by phone at 850-414-4597.

Sincerely,

Carliayn Kell

Attachment 2 – Reference Form

Attachment 2 is included on the following pages.

List no more than five projects which best illustrates qualifications relevant to the Solicitation. References must be less than five years old. LIST no more than two LAKE COUNTY GOVERNMENT PROJECTS (past, current, prime, and subcontractor) FIRST.

TJKM Transportation Associates & Halff Associates, Inc.

PROJECT NAME: Roundabout at CR 561 and CR 455

Agency: Lake County

Address: 315 West Main Street

City, State, Zip code: Tavares, FL 32778

Contact Person: Fred Schneider

Title: Public Works Director

Email: fschneider@lakecountyfl.gov

Telephone: (352) 483-9000

Project Cost: \$1.3M

Contract Start and End Dates: 2013-2015

SCOPE of Project (list tasks, outlines or descriptions of items): Provided survey, design, utility coordination and permitting for the roundabout design at the intersection of CR 561 and CR 455 in Lake County.

PROJECT NAME: Alfred Street One Way Pair and Streetscape Project

Agency: City of Tavares

Address: 201 E Main Street

City, State, Zip code: Tavares, FL, 32778

Contact Person: John Drury

Title: City Administrator

Email: jdrury@tavares.org

Telephone: (352) 742-6210

Project Cost: \$6.7M

Contract Start and End Dates: 2012-2014

SCOPE of Project (list tasks, outlines or descriptions of items): Provided survey and design services for the one-way pairing of Alfred Street and Caroline Street between SR 19 and Disston Avenue, within the City of Tavares.

PROJECT NAME: On-Call Traffic Engineering & Transportation Planning

Agency: County of Merced

Address: 345 West 7th Street

City, State, Zip code: Merced, CA 95341

Contact Person: Matiel Holloway

Title: Associate Engineer

Email: mholloway@co.merced.ca.us

Telephone: (209) 385-7601

Project Cost: \$150K

Contract Start and End Dates: 2016-Ongoing

SCOPE of Project (list tasks, outlines or descriptions of items): TJKM was selected by the County of Merced to serve as the on-call traffic engineering consultant to conduct various transportation studies and impact study recommendations for the unincorporated areas within Merced County. As part of this current on-call contract, TJKM is currently designing two task orders for the County.

PROJECT NAME: On-Call Traffic Engineering Services

Agency: City of Palo Alto

Address: 250 Hamilton Avenue

City, State, Zip code: Palo Alto, CA 94301

Contact Person: Shahla Yazdy

Title: Project Engineer

Email: shahla.yazdy@cityofpaloalto.org

Telephone: (650) 617-3151

Project Cost: \$1M

Contract Start and End Dates: 2013-Current

SCOPE of Project (list tasks, outlines or descriptions of items): TJKM was selected to provide on-call services to Palo Alto for several key projects in the City including Staff on-site support for Safe Route to School (SRTS) design and construction inspection, Embarcadero Road Redesign to Palo Alto High School, Review of Alma Street Train Preemption Signal Phasing Alternative, Residential Permit Parking Inventory, Alma Street/Loma Verde Signal Warrant Analysis, Providing On-Call Traffic Engineering Support.

PROJECT NAME: Transportation Engineering On-Call Services

Agency: City of Pittsburg

Address: 65 Civic Avenue

City, State, Zip code: Pittsburg, CA 94565

Contact Person: Nhat Phan

Title: City Engineer

Email: nphan@ci.pittsburg.ca.us

Telephone: (925) 252-4857

Project Cost: \$149K

Contract Start and End Dates: 2016-Ongoing

SCOPE of Project (list tasks, outlines or descriptions of items): TJKM is providing transportation engineering consultant services to the City of Pittsburg on an on-call basis. Recent tasks include Railroad Avenue Signal Coordination, LMK Petro Traffic Impact Analysis, West Leland Road Signal Timing Plans, Beacon Villa Parking Study, and Railroad Avenue at California Traffic Signal Operation Study.
