WEKIVA TRAIL, SEGMENT 1

04. SUBCONTRACTORS/ JOINT VENTURES

SECTION 4 SUBCONTRACTORS/JOINT VENTURES

ANDREYEV ENGINEERING, INC., Geotechnical/Contamination

Andreyev Engineering, Inc. (AEI) is a Florida based

engineering consulting firm that specializes in the fields of geotechnical and hydrogeologic engineering, environmental consulting, and construction materials testing/inspection. AEI provides services to both the private and public sectors and currently provides services to many local government agencies under continuing contract agreements. AEI has the experience and capability to carry out subsurface investigation studies in all types of terrain and conditions (land and water) using in-house drilling equipment as well as drawing on the resources of our affiliates. Drilling equipment used by AEI are either truck-mounted, trailer mounted, barge mounted or portable. *Halff has worked with Andreyev Engineering on 90% of our projects.*

PRECISE LOCATING SERVICES, INC., Subsurface Utility Engineering

Precise Locating, Inc. has over 30 years of experience in locating,

digging and repairing lines. They provide underground locating services to Florida using a variety of technologies:

- Underground Services & Asset Locating
- Electromagnetic (EMR) Cable and Pipe Locating
- Ground Penetrating Radar
- Non-destructive Digging
- Site mark up (at surface) of located Underground Services

They provide locating services for water, sewer, phone, power, cable, gas and fiber optic lines. *Halff has recently worked with Precise Locating Services on our roadway and park projects.*

BRIDGING SOLUTIONS, LLC, Bridges

Bridging Solutions, LLC, (a KCI Company) provides specialized

bridge and structural engineering services in the Land Development and Transportation market sectors throughout Florida. The firm's clients include FDOT, local municipalities, land development firms, contractors, community associations and other engineering firms. Structural engineering services include vehicular and pedestrian bridges, retaining walls, sea walls, box culverts, drainage structures, and transportation traffic signal structures. Services cover both new design and the evaluation and rehabilitation of existing structures including inspections during construction. *Halff has worked with Bridging Solutions on the Waterman Village project and two trail feasibility studies for the City of Groveland.*

GAI CONSULTANTS, INC., Public Involvement/Historical Coordination

GAI is a unique team of landscape architects, urban designers, land use planners, public finance and economic development specialists, and public administrators who capture the full dimensions of strategy and solution. Committed to positioning cities for a sustainable future, they are recognized for delivering insightful, thorough, and technically sophisticated solutions. They embrace a philosophy that values the complex interrelation of people, place, and policy while considering a project's ability to positively impact its investors, community, and setting. *Halff and GAI have been responsible for the completion of many Lake County and City of Mount Dora projects for several years. We have been trusted by both with some of their largest and most complex recreation projects. GAI has selected Halff as the EOR on every project completed and currently underway for Lake County Parks and Trails under GAI's continuing landscape architectural services agreement.*

BOWEN | SCHROTH,
Title Work

BOWEN|SCHROTH

Bowen|Schroth is a full service law firm located in Eustis, Florida, and one of the largest firms in Lake County. Their firm handles hundreds of residential and commercial real estate transactions per year. Their attorneys also represent individuals, businesses, and various local governments throughout central Florida in matters involving agricultural law, business/corporate law, general civil litigation, government and administrative law, and land use. They pride themselves on building client trust through our strong work ethic, attention to detail, and genuine commitment to our clients' best interests. *Bowen|Schroth has done title research for Halff on many of their projects, including the Round Lake Road Project.*
