Section 6 – Financial Stability

Financial Stability

MAS has been in business for eleven (110 years and has the necessary resources, both human and financial, to provide the services at the level required for Lake County, as noted in RFP #22-903. Our company financial system is capable of efficiently and effectively allocating resources, assessing financial risks, and maintaining employment levels. MAS has steadily increased its employee base since inception, which serves as evidence of our strong financial strength. Financial stability is paramount for the continued growth of our company, as well as for the confidence that our clients have in our abilities to perform contracted work.

MAS will provide a financial statement, certified audits, or third party prepared financial statements, at the request of Lake County. MAS also agrees to Lake County's statement that a third-party company can be used to verify any financial information may be utilized. Our subcontractors are also able to provide the required resources for this RFP.
