**Subject:** RE: Lake County Tree

John,

That is a laurel oak that is in very poor shape. Its DBH is 34.8" and it has extreme butt rot. The crown is falling apart and this is a dangerous tree. There is no chance for this tree to recover.

The other laurel oak near the pink house is in the same shape. It is rotten and falling apart.

Sincerely,

Chris Otremba

Chris,

We have another tree for you to look at when you get a chance. It is located in front of 31509 Lawrence St. in Sorrento. It is just north of SR 46 and has an orange ribbon around it.

Please let us know when you can take a look at this one and the others so that we can keep the citizens updated.

Thank you,

John M. Bringard

## Intersect Route

### Details

Citizen says there are two rotten trees in the Right-of-Way that need to be removed before they fall.

He also says that a limb fell across the road and on power lines at about 4:30 this morning, and the power company is out working on it. He is concerned that the power company won't clear the debris away.
