Details

Via email from Nadine Ohlinger: I received a call from Sandra Thompson regarding a tree that fell in her yard and on top of her house. She says that she has been telling the County for years and years that this tree was problem, and last night there must have been strong wind that caused the tree to fall on her house and yard. When I asked if this was a claim for damages, she did not have an answer, but said that she wanted someone to assess if there was any damage. Please let me know if this tree was on our right of way, and also what we have on record.
