RE: Special Assessment Program for Non-County Maintained Roads

Dear Mr. Rodgers:

Enclosed please find a copy of a brochure for our Special Assessment Program. The Special Assessment Program was designed by the Board of County Commissioners to assist property owners that would like to improve their roads to County standards and have them brought into the County Road Maintenance System. This information is being sent to you based on your recent communication to the Umatilla Maintenance Barn regarding the condition of Cardinal Lane, a non-County maintained road.

If you are interested in taking advantage of this program, please let me know and I will assist you through the process. If you have any questions, comments or require additional information, please do not hesitate to call me at (352) 483-9020.

Sincerely,

Brenda Press
