Subject: RE: PHONE MESSAGE - Sal Saieva

Randy's history predates CarteGraph and the Non-Maintained Road Calls spreadsheet. My inexpert eye does not find ROW on the entire road. Shall I send a ROW request over to Lonnie?

There is history on this road. Years ago Audy Harding lived on Marshal and was fighting us tooth and nail to have something done on the non-maintained portion. If memory serves me right, which I wouldn't bet on, we could do nothing because of NO right of way

Randy, please take a look and get back with me on your findings. I may also need you to contact the citizen, but not yet.

Thank you,
Lori

Subject: PHONE MESSAGE - Sal Saieva

8/12/13 @ 10:30AM
Sal Saieva
35145 Marshall Road, Eustis
352-516-1913 Cell

Is calling regarding the very poor condition of Marshall Road. He said the beginning of Marshall Road is paved but then it stops and the rest of Marshall Road is not in the County Road Maintenance System. He said the potholes are so bad on this road that the bottom of his wife's car hits the road. His business is operating a hot dog stand and he said that his hotdog stand has turned over twice on this road. He is hoping that someone from Public Works can come out and take a look at the road to see if it's passable by emergency vehicles and to determine if there is anything that can be done to at least fill the deep holes.
