Details

Email to Jeff Johnson from Ron Collodi: "Blaine McCormick 404-606-3244 called to complain about mud along Integrity Way that he has to drive through to get home. He said the mud is coming from Equestrian Trail, which is a private road. He wants the county to force the people along Equestrian Way to fix their road so that he does not have mud on Integrity Way, which is county maintained.

He said he went to the PW facility in his area, but could not remember who he spoke with today. They promised to look at the road, but said there is nothing that can be done except to clean the paved road section. Mr. McCormick wants code to get involved and I explained that we first have to have a violation confirmed by road operations if in fact there is an actual violation.

Mr. McCormick would like someone to call him after the road is inspected and tell him what if anything we will do for him to keep mud off the road."
