Randy,

See below, please look into this and let me know what you find. Top of you list please.

Thanks,

Jeff

I will contact the sheriff on the ATV issue and I will meet this week with our public works director on a realistic time frame to improve Twin Ponds road. I hear and understand your frustration.

Now that the road drainage issue has a bandaid on it do you think you could pull some strings and get a police presence out here?.. people assume that just because this road isn't heavily populated that spinning tires and driving really fast and wreckless is ok.. I have witnessed the same few vehicles going up and down the road over and over again.. along with atv and other off road vehicles. I'm sure this will be a good "next step" to ensure saftey for my family. Thanks for your time, Josh Lawrence [352-602-0188](tel:352-602-0188)<tel:[352-602-0188](tel:352-602-0188)>.

> Here are some pictures to hopefully make my words come to life. The amount of material that has built up and washed out of my driveway is really excessive. The center of my driveway is high enough that I cannot drive out to the road correctly. Steve from the road maintenance office has inspected our road and driveway and stated that the grading and drainage was not being done correctly. My wife and I really appreciate everything that is being done, but we just need a little more. I will give you my input on anything regarding this issue. Regards, Josh Lawrence [352-602-0188](tel:352-602-0188)<tel:[352-602-0188](tel:352-602-0188)><tel:[352-602-0188](tel:352-602-0188)<tel:[352-602-0188](tel:352-602-0188)>>.

>> I have a question about roads that are not paved that should be paved. My address is 19221 twin ponds road, Umatilla fl 32784. My wife and I purchased this house because we were told the road was going to be paved... it's been 3 years and the road has gotten way worse for driving and safety in that time. Constant washing out, excess clay ruins my yard and driveway, people that don't live out here "play" on this road constantly because it's not paved and so on. These conditions make driving and healthy living difficult to achieve. Please help us out with these awful road issues.

Regards, Josh Lawrence [352-602-0188](tel:352-602-0188)<tel:352-602-0188><tel:352-602-0188<tel:352-602-0188>><tel:352-602-0188<tel:352-602-0188>>>.
