Gentlepeople,

I will attach this note to his request in CarteGraph. FYI, I have no prior requests on file from this citizen or this address.

Thank you,

T

Sounds like the conversation went just about the way you thought it would.

Subject: Tyty rd. in Astor

I called Daniel Madden just now because he did not like Steve's answer yesterday that there is nothing we can do. He told me he has been trying for 15 years to get us to do something for his rd. and he is tired of us not doing anything. I explained our policy and also that I live on the same kind of rd. Daniel said his wife is on him all the time about the roads condition, and now she has to park out at the St. and walk in because the water is so deep it comes in the car. I told him my road was very rough yesterday and that I made a drag that I pull behind my 4 wheeler to help smooth it out, and that's what I was doing yesterday after work. Daniel then said " Well why do I pay taxes for roads and don't get anything for it" I told him We pay taxes for the maint. Of the roads we do travel, such as 445, 445a, and other paved roads we travel. He said " Well what if I park my truck sideways across the road and not let anyone come down it"? I told him that a deputy will most likely have it towed at his expense. Then he said" Well I'm going to put a bunch of sand bags across it and move them only if the sheriff's dept. make me move them". Then he hung up on me.
