Tim,
Please generate a PDF map showing Flood and Wetland layer from GIS for Alt Key 2871792 and email to Randy & Jeff.
Please show full extent of property.

Thanks

I called both her #'s and I left a message. I am going to tell her that I am willing to do some gradall work, but I don't think it's going to have the outcome she thinks it will, but I will try. As far back as I can remember, there has been a pond/swampy spot on her corner.

Randy,

Please take a look at this area and let me know what you find. Also, please make contact and let her know that we are looking into her issue.

Thanks,

Jeff

Subject: Help with water drainage

I live in Sorrento Shores at 39539 Windward Ave. Eustis, Fl 32736. My property is flooding because the ditch that used to go around it has filled in over the years. All the rainwater from the road drains into my pasture. It is flooding the area and ruining my fence. I have horses in there that can't use half the pasture. I probably have gators too. O am asking for your consideration in sending out a crew to fix this ASAP. Please advise. Thank

you, Loree Rogers.
