Randy or Steve,

Please check the area and report your findings to Jeff, please.

Thank you,
Lori

Drop off on shoulder need to check?

Thank you,

Fred

A crash involving a fire truck and another vehicle left one person dead Friday morning.

According to the Florida Highway Patrol, the crash occurred at 11:45 am.

A Nissan four-door car was traveling west on County Road 42 at the intersection of County Road 439 when it left the road. The driver overcorrected and drove into the path of a Lake County fire truck heading east.

The driver of the fire truck tried to swerve to avoid the car, but the front of the truck hit the left side of the car. The female driver died at the scene. A male passenger suffered minor injuries.

The driver of the fire truck and two fire fighters were transported to Florida Hospital Waterman with minor injuries.

Thank you,

Fred
