Endinger Rd. does not appear to be a county maintained roadway, and we do not find any public RW in our records here in the RW Section. I have attached some maps FYI. Hope this helps. Thanks Patti

Hello Public Works,

This is Lt Jeff Coulthart at LCFR Station 27 .

We ran a medical call today and encountered a tree that is partially blocking the roadway.

The Road is Endiger Rd .

Endiger runs South of CR 44 in the Eustis /Mt Dora area (just west of Thrill Hill Rd)

Apparently there was a tree that came down there last week that had been cleared from the roadway.

There is an additional tree , same area, that has been up-rooted and leaning across Endiger Rd at about a 45 degree angle . small vehicles can pass under it , but bigger trucks (Firetrucks) will not be able to pass.

Endiger Rd is A DEAD END dirt RD .

Thanks for your help with this matter

Let us know if you need any addition info or help.
