Randy,

Steve can tell you about this. He spoke with her late yesterday, and she wants to talk to Steve's boss.

Yes, she left a lengthy message on Friday night. She is upset, saying that you need to "walk back in there". She says that it's definitely not her tree. It's "your" tree, and it fell down down by the river, and fell across the boardwalk that goes up to her house. She says that it doesn't seem right that "you" would have that property and not be responsible for it.
