Treeva –

These trees are not located within the right-of-way. We ran into a problem with right-of-way when we tried to have shoulder restoration work done along this road. I have reviewed the right-of-way information for this property and there is only 30 foot of total right-of-way. The closest tree is located 24' from the edge of pavement.

Thanks!
Brenda

Bob,

Please see the attached. If the work will be done, please let me know so I can close our Request and convert it to an OSC work order.

Thank you,

T
