Details

CARL Request # W004768-061917 - "Low area on former golf course fills in heavy rains ( three times in last two weeks) and rises over road to flood roadway and spill over to my yard and the yard next door. Fast moving traffic splashes through causing wake and wave and makes matters worse. County apparently came out last week and scraped shoulder to drain road but that just hastens the filling of the low area and subsequent flooding."
