Randy, I think we are good with this one. I've already responded – see below.

Thank you,  
Lori

**Subject:** RE: NORTH ROAD ALTOONA

Good morning, Commissioner Blake and Andrea,

North Road is a non-County maintained road. Our records indicate that we repaired a washout within the right-of-way in January 2017. We do not sell millings to property owners as our stockpile is limited, and we use them on our County maintained roads as well as on non-County maintained roads like this one.

Mr. Hanley drives a school bus and parks the bus at his residence. We have spoken to him and the principal of the Altoona Elementary School in the past and advised that local contractors may have millings for their use. It was our understanding that they were going to contact a contractor about the milling material and performing additional work beyond the right-of-way.

Attached are a few pictures of the road taken yesterday. Please let me know if additional information is needed or if you'd like for us to reach out to Mr. Hanley again.

Thank you,  
Lori

**Subject:** NORTH ROAD ALTOONA

Commissioner Blake rec'd a call from Kevin Hamley who lives at 20929 N. Lake Road, Altoona, 352-669-7330. He said about 6 months ago the county did some road maintenance on N. Road and the maintenance stopped right in front of his house. He says the maintenance has caused instability in his driveway. He further stated that he offered to buy a truckload of millings to continue in front of his home and was told that the county couldn't do that.

Lori –

Can you please check this out and update Comm. Blake on the maintenance so he is prepared before calling Mr. Hamley's?

Thanks,

**ANDREA KENNARD**
