Good morning Chris –

It appears that there are other issues going on here and we need to further investigate these items. At this time, we are not going to proceed with the swale work. It doesn't make any sense that this gentlemen would receive water based on the inverted road and general typography of the area. We will keep you informed of any further action that is to be taken.

Thank you!
Brenda

Nick/Tim –

Can you please let me know when you have time available to review/discuss this issue?

Thanks!
Brenda

Brenda,

Mr. Willey lives across from the retention area we submitted to have the contract swale work done. Do you happen to have an approximate time I can give him as to when this work will be started?

Thanks,
