Lori,

We have received calls from a Ms. Carla Blake about a gentleman who fenced his property. She is claiming that he fenced the RW of way in which they drive. My staff has been out and we have checked the ariels and found the area they are driving on is beyond the cut out dirt road. There is a RW but the remaining RW is actually across the street. I am giving you a heads up as she may call PW. Feel free to contact me if she does. I will send a more detailed report tomorrow. Thanks
