Good Afternoon Sgt. Matthews:

Unfortunately, Ms. Mahaney received a judgment in her favor back in 1986 whereby the Court determined that Lake County has no right-of-way in this particular location other than where the actual pavement itself is located. A copy of the judgment is attached for your reference.

Yes the old Starlight! Was not sure there was still anyone around who'd have remembered that.

If there's anything we can do to assist, we'd be glad to, to prevent an incident from occurring here. Fortunately I have a pickup but a regular patrol car or a small car/citizen would be in bad shape hitting these.

Thanks much!

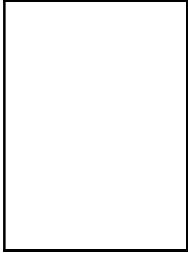

Sgt. Jason Matthews | Lake County Sheriff's Office

This is in front of the Star light. We have been involved with this lady who owns the property at this site for years. We have been in litigation and many meetings with her as well. We have no right of way right there if memory is correct, Treeva, would you check please? I agree with it being dangerous, and to answer your question, Code enforcement is the one to handle this. I know we were instructed to do all we can before handing to Code, and believe me we have.

This is from Srg. Mathew's/ LCSO

Let me know who I need to report this to to get this issue resolved I ran over all this debris on Old 441 near the intersection of Lakeview, turning around on a vehicle.. Someone put all this debris on the fog line obviously not allowed in right of way.

Thank you

Charlie
