Steve checked the road yesterday and found it to be very much passable. He called Mrs. Harrell and ONCE again explained our policy and she said she was more interested in getting the road paved. Mrs. Harrell said she did receive a call from Michelle, but she had not yet called her back. She said she probably won't call her back because she knows she will never get the residents to go for it.

I typed up a request for Steve to check the road for passability, as well, in case there is anything that we would need to do right now. We do have ROW on the road.

This also sounds like an inquiry for Michelle so that she can provide special assessment information.

Michelle, please contact the Harrells.

Thank you,
Lori

Good morning,
Please see the inquiry below. I'm not sure if you are the person to contact or not. Please let me know if there is a better contact for this type of request. Thank you.

Respectfully,

Subject: Please Help with our Road :(

Hello, we really need your help on finding someone to help us get our road maintained. It is Springfield Rd in Sorrento. We have lived on this road for 21 years along with about 10 other residence. We have put up with this dirt road through rain, drought and vandals doing donuts making travel horrible. The road is only 1/4 mile long and we all pay taxes and we don't get any acknowledgment. There is a subdevelopment called Cross Ties on this road that is considered their back yard. Funny thing all these people have gates to come and go on our road or have dump trucks come in and bring mulch or build their swimming pools. And all along making our road worse and worse. They have their nice paved roads to come and go and we have to drive on this horrible dirt road. My husband and I both ride Motorcycles for fun and travel down this road has been nothing short of a nightmare. My husband put his down this last Friday and that is what has prompted me to write to see if please, please we could at least get it maintained. Do you think it is right that the people in Cross Ties Sub development use our road for all their dirty work? Please let me know if there is anything or anyone we can contact to help us all on this road.

Thank you

Nancy and David Harrell
