Details

CARL Request # W004757: "For the past 4 or 5 years the flooding of my front porch has gotten worst and worst. Your department sent a crew a month or so ago to my house to "lower" the road where oak tree roots had raised the road so high it diverted the flow up my driveway and onto my front porch. Since then my porch has continued to be flooded severely. I have video showing what the problem is. Please call me so that I may send you the video."
