Date: June 27, 2017
Subject: Swale Work on Saltsdale Road, Umatilla

The contracting section received a total of fourteen (14) requests for swale installation in the Maintenance Area 3 area within a matter of a few weeks. There were a total of 12,695 LF of swales to be done in the Mount Plymouth area and one singular request for Saltsdale in the Umatilla area for a total of 2,585 LF. Due to the amount of work and the contractor's availability, it was determined to be in the best interest of Lake County to have the Saltsdale Road work completed by the secondary vendor to immediately address existing drainage concerns. The difference in the price for the two vendors is estimated at \$259
