Subject: RE: 14-0425C - Mow Cycle - 8/6/16

Importance: High

Good morning Norma,

I witnessed work being done in the Clermont area on Thursday of last week. I was concerned that there were a lot of weeds growing in the cracks of the curb line and sidewalks and the grass clippings were in the road. At that time the roads were not reported as being completed, so I did not want to send you an email without first providing the opportunity to complete the work in accordance with the contract specifications. Bob is inspecting all of the sites based on your notification that the cycle is complete. Based on those inspections, the work is not being completed as outlined in the contract. Bob has stated that these issues have been brought to your attention in the past. If all future cycles are not completed in accordance with the contract documents, you will be required to re-visit each site to ensure that all work is completed and accepted by the County in order to be paid for that cycle.

Pursuant to Section 2, Statement of Work, Subsection 3, Edging states, "All edges of the sidewalk and curbs shall be edged each mowing cycle. This shall also be completed on medians, bridge approaches, and vacant lots/retention areas."

Section 2, Statement of Work, Subsection 4, Weed Trimming, Paragraph A states, "The vegetation within the mowing areas shall be trimmed each mowing cycle around items such as, but not limited to: mailboxes, guy wires, fence lines, street signs, trees, bushes, etc."

Section 2, Statement of Work, Subsection 4, Weed Trimming, Paragraph B states, "The vendor shall trim weeds growing in all cracks, seams, and joints within the sidewalks, between the sidewalk and the curb, and between the curb gutter and the adjacent roadway. This trimming shall also take place along the medians being mowed."

Section 2, Statement of Work, Subsection 7, Clean Up, Paragraph A states, "The vendor shall be responsible to clean the clippings from the sidewalk and other paved areas after the mowing, trimming and edging work has been completed. At no time shall the clippings be blown towards or into the roadway. All clippings shall be evenly distributed across the area that was recently mowed. The vendor shall discontinue blowing the debris when pedestrians or vehicles are in the area."

Section 2, Statement of Work, Subsection 7, Clean Up, Paragraph C states, "Grass clippings will not be blown into drains or storm drain inlets or wet retention ponds. Failure to adhere to this will result in the vendor removing clippings from the water and jetting out affected pipes and drains at his/her own expense within two (2) calendar days after notification or reimbursing the County for the expense of the associated cleanup effort."

Should you have any questions, comments or require additional information, please do not hesitate to call or email my office. Thank you in advance for your prompt attention to this matter.

Good Morning Brenda,

Mow Cycle is complete. Schedule is attached.

Thank you,

Norma Delgado

Brenda,

Good Morning! Today's schedule is attached.

Also, when we visited the added area to North Hancock Rd on Saturday 8/13, I noticed herbicide was applied. There was some miscommunication between my workers and I. This site was completed Saturday, 8/6 and the schedule is noted as such.

Thank you,

Norma Delgado

Hi Brenda! That is correct. Plan to finish herbicide application either tomorrow or Monday. Mowing is done.
