Tree Trimming

SEC TWN RNG

Good Morning Sir, I own the property at 3520 Griffin Ave in Lady Lake. There is a rather large Oak tree on the West side of my home that is causing several issues to my property and to the quality of life for my tenant. There are limbs as low as 5 foot off the ground can't safely mow any longer. There are very large limbs literally inches from my roof shedding excessive amounts of leaves which is causing rot and mildew. My electrical service line is also a potential candidate for being pulled down as well. The tree was hit by lightning you can see the path and the discharge site at the base. This tree has the potential to cause catastrophic damage to my home. I would like for someone to come out and evaluate it and have it pruned for safety. Thank You,
