(Please reference the above numbers on any submittal)

Dear Mr. Mandell:

The District issued your organization permit for the above-referenced project on August 9, 1994. In order to avoid being subjected to civil penalties, please read carefully the conditions that are part of your permit, and comply with the requirements of those conditions.

Also, we would like to offer our assistance in assuring that the project is constructed in accordance with the District's permit. We can offer our assistance by attending any pre-construction meetings that may be scheduled for the project. We ask that you notify us at least 10 days prior to the scheduled meeting. This will make it possible for us to obtain needed information concerning your permit. This pre-construction meeting can be one that you schedule with other individuals, or it can be a separate meeting with only District staff.

Please call me at 407/897-4312, for notice of any pre-construction meetings, if you would like to arrange for a meeting with District staff, if you have not received a copy of your permit, or if you have questions concerning your permit. Thank you for your assistance.

Sincerely,

Karen B. Davis, Executive Staff Assistant  
Department of Resource Management
