**SUBJECT:** Permit Number 4-069-19339-4  
Greater Pines, Phases 8-10

Dear Sir/Madam:

Enclosed is your permit as authorized by the Governing Board of the St. Johns River Water Management District on March 13, 2001.

This permit is a legal document and should be kept with your other important documents. The attached MSSW/Stormwater As-Built Certification Form should be filled in and returned to the Palatka office within thirty days after the work is completed. By so doing, you will enable us to schedule a prompt inspection of the permitted activity.

In addition to the MSSW/Stormwater As-Built Certification Form, your permit also contains conditions which require submittal of additional information. All information submitted as compliance to permit conditions must be submitted to the Palatka office address.

Permit issuance does not relieve you from the responsibility of obtaining permits from any federal, state and/or local agencies asserting concurrent jurisdiction for this work.

In the event you sell your property, the permit can be transferred to the new owner, if we are notified by you within thirty days of the sale. Please assist us in this matter so as to maintain a valid permit for the new property owner.

Thank you for your cooperation and if this office can be of any further assistance to you, please do not hesitate to contact us.

Sincerely,

*Gloria Lewis*

**"EXHIBIT A"**  
**CONDITIONS FOR ISSUANCE OF PERMIT NUMBER 4-069-19339-4**  
**GREATER CONSTRUCTION CORP.**  
**DATED MARCH 13, 2001**

1. All activities shall be implemented as set forth in the plans, specifications and performance criteria as approved by this permit. Any deviation from the permitted activity and the conditions for undertaking that activity shall constitute a violation of this permit.
2. This permit or a copy thereof, complete with all conditions, attachments, exhibits, and modifications, shall be kept at the work site of the permitted activity. The complete permit shall be available for review at the work site upon request by District staff. The permittee shall require the contractor to review the complete permit prior to commencement of the activity authorized by this permit.
3. Activities approved by this permit shall be conducted in a manner which do not cause violations of state water quality standards.
4. Prior to and during construction, the permittee shall implement and maintain all erosion and sediment control measures (best management practices) required to retain sediment on-site and to prevent violations of state water quality standards. All practices must be in accordance with the guidelines and specifications in chapter 6 of the Florida Land Development Manual: A Guide to Sound Land and Water Management (Florida Department of Environmental Regulation 1988), which are incorporated by reference, unless a project specific erosion and sediment control plan is approved as part of the permit, in which case the practices must be in accordance with the plan. If site specific conditions require additional measures during any phase of construction or operation to prevent erosion or control sediment, beyond those specified in the erosion and sediment control plan, the permittee shall implement additional best management practices as necessary, in accordance with the specifications in chapter 6 of the Florida Land Development Manual: A Guide to Sound Land and Water Management (Florida Department of Environmental Regulation 1988). The permittee shall correct any erosion or shoaling that causes adverse impacts to the water resources.
5. Stabilization measures shall be initiated for erosion and sediment control on disturbed areas as soon as practicable in portions of the site where construction activities have temporarily or permanently ceased, but in no case more than 7 days after the construction activity in that portion of the site has temporarily or permanently ceased.
6. At least 48 hours prior to commencement of activity authorized by this permit, the permittee shall submit to the District a Construction Commencement Notice Form No.

40C-4:900(3) indicating the actual start date and the expected completion date.

7. When the duration of construction will exceed one year, the permittee shall submit construction status reports to the District on an annual basis utilizing an Annual Status Report Form No. 50C-4.900(4). These forms shall be submitted during June of each year.
8. For those systems which will be operated or maintained by an entity which will require an easement or deed restriction in order to provide that entity with the authority necessary to operate or maintain the system, such easement or deed restriction, together with any other final operation or maintenance documents as are required by subsections 7.1.1 through 7.1.4 of the Applicant's Handbook: Management and Storage of Surface Waters, must be submitted to the District for approval. Documents meeting the requirements set forth in these subsections of the Applicant's Handbook will be approved. Deed restrictions, easements and other operation and maintenance documents which require recordation either with the Secretary of State or the Clerk of the Circuit Court must be so recorded prior to lot or unit sales within the project served by the system, or upon completion of construction of the system, whichever occurs first. For those systems which are proposed to be maintained by county or municipal entities, final operation and maintenance documents must be received by the District when maintenance and operation of the system is accepted by the local governmental entity. Failure to submit the appropriate final documents referenced in this paragraph will result in the permittee remaining liable for carrying out maintenance and operation of the permitted system.
9. Each phase or independent portion of the permitted system must be completed in accordance with the permitted plans and permit conditions prior to the initiation of the permitted use of site infrastructure located within the area served by the portion or phase of the system. Each phase or independent portion of the system must be completed in accordance with the permitted plans and permit conditions prior to transfer of responsibility for operation and maintenance of that phase or portion of the system to local government or other responsible entity.
10. Within 30 days after completion of construction of the permitted system, or independent portion of the system, the permittee shall submit a written statement of completion and certification by a registered professional engineer or other appropriate individual as authorized by law, utilizing As Built Certification Form 40C-1.181(13) or 40C-1.181(14) supplied with this permit. When the completed system differs substantially from the permitted plans, any substantial deviations shall be noted and explained and two copies of as-built drawings submitted to the District. Submittal of the completed form shall serve to notify the District that the system is ready for inspection. The statement of completion and certification shall be based on on-site observation of construction

(conducted by the registered professional engineer, or other appropriate individual as authorized by law, or under his or her direct supervision) or review of as-built drawings for the purpose of determining if the work was completed in compliance with approved plans and specifications. As-built drawings shall be the permitted drawings revised to reflect any changes made during construction. Both the original and any revised specifications must be clearly shown. The plans must be clearly labeled as "as-built" or "record" drawing. All surveyed dimensions and elevations shall be certified by a registered surveyor. The following information, at a minimum, shall be verified on the as-built drawings:

1. Dimensions and elevations of all discharge structures including all weirs, slots, gates, pumps, pipes, and oil and grease skimmers;
  2. Locations, dimensions, and elevations of all filter, exfiltration, or underdrain systems including cleanouts, pipes, connections to control structures, and points of discharge to the receiving waters;
  3. Dimensions, elevations, contours, or cross-sections of all treatment storage areas sufficient to determine state-storage relationships of the storage area and the permanent pool depth and volume below the control elevation for normally wet systems, when appropriate;
  4. Dimensions, elevations, contours, final grades, or cross-sections of the system to determine flow directions and conveyance of runoff to the treatment system;
  5. Dimensions, elevations, contours, final grades, or cross-sections of all conveyance systems utilized to convey off-site runoff around the system;
  6. Existing water elevation(s) and the date determined; and Elevation and location of benchmark(s) for the survey.
11. The operation phase of this permit shall not become effective until the permittee has complied with the requirements of general condition 9 above, the District determines the system to be in compliance with the permitted plans, and the entity approved by the District in accordance with subsections 7.1.1 through 7.1.4 of the Applicant's Handbook: Management and Storage of Surface Waters, accepts responsibility for operation and maintenance of the system. The permit may not be transferred to such an approved operation and maintenance entity until the operation phase of the permit becomes effective. Following inspection and approval of the permitted system by the District, the permittee shall request transfer of the permit to the responsible approved operation

and maintenance entity, if different from the permittee. Until the permit is transferred pursuant to section 7.1 of the Applicant's Handbook: Management and Storage of Surface Waters, the permittee shall be liable for compliance with the terms of the permit.

12. Should any other regulatory agency require changes to the permitted system, the permittee shall provide written notification to the District of the changes prior implementation so that a determination can be made whether a permit modification is required.
13. This permit does not eliminate the necessity to obtain any required federal, state, local and special district authorizations prior to the start of any activity approved by this permit. This permit does not convey to the permittee or create in the permittee any property right, or any interest in real property, nor does it authorize any entrance upon or activities on property which is not owned or controlled by the permittee, or convey any rights or privileges other than those specified in the permit and chapter 40C-4 or chapter 40C-40, F.A.C.
14. The permittee shall hold and save the District harmless from any and all damages, claims, or liabilities which may arise by reason of the activities authorized by the permit or any use of the permitted system.
15. Any delineation of the extent of a wetland or other surface water submitted as part of the permit application, including plans or other supporting documentation, shall not be considered specifically approved unless a specific condition of this permit or a formal determination under section 373.421(2), F.S., provides otherwise.
16. The permittee shall notify the District in writing within 30 days of any sale, conveyance, or other transfer of ownership or control of the permitted system or the real property at which the permitted system is located. All transfers of ownership or transfers of a permit are subject to the requirements of section 40C-1.612, F.A.C. The permittee transferring the permit shall remain liable for any corrective actions that may be required as a result of any permit violations prior to such sale, conveyance or other transfer.
17. Upon reasonable notice to the permittee, District authorized staff with proper identification shall have permission to enter, inspect, sample and test the system to insure conformity with the plans and specifications approved by the permit.
18. If historical or archaeological artifacts are discovered at any time on the project site, the permittee shall immediately notify the District.

19. The permittee shall immediately notify the District in writing of any previously submitted information that is later discovered to be inaccurate.
20. This permit for construction will expire five years from the date of issuance.
21. All wetland areas or water bodies that are outside the specific limits of construction authorized by this permit must be protected from erosion, siltation, scouring or excess turbidity, and dewatering.
22. Prior to construction, the permittee must clearly designate the limits of construction on-site. The permittee must advise the contractor that any work outside the limits of construction, including clearing, may be a violation of this permit.
23. The operation and Maintenance entity shall submit inspection reports to the District two years after the operation phase permit becomes effective and every two years thereafter on District Form EN-46. The inspection form must be signed and sealed by an appropriate registered professional.
24. The proposed surface water management system must be constructed and operated in accordance with the plans received by the District on November 13, 2000 and as amended by plan sheets 5 and 6 of 20, received by the District on January 25, 2001.
25. In the event that Lake County is unable or unwilling to pass a resolution for special assessments to be used for the operation and maintenance of the surface water and/or stormwater management system for phases 8-10 of the development, then the permittee must form a non-voluntary homeowner's association to serve as the operation and maintenance entity for phases 8-10 and shall submit draft Articles of Incorporation and Declaration of Covenants and Restrictions to the District for approval prior to lot sales or use of the infrastructure for its intended purpose.

Dear Mr. Gregg:

Pursuant to staff receipt of your faxed letter on September 22, 2005, District Compliance staff visited the subdivision on December 22, 2005, to inspect the surface water management system. Staff concurs with the CPH letter report that the corrective actions described in the reference District letter have been completed.

On the basis of your completion of these corrective actions, staff has determined that the substantial deviations have been corrected and the system is being maintained in accordance with the District permit.

On the basis of these findings, the permit can be converted to its Operations and Maintenance phase, per 40C-42.028, Florida Administrative Code, and transferred to the Operation and Maintenance entity, Greater Pines HOA, Inc., per 40C-1.612, F.A.C.

If you need further information, please contact me at 407-659-4834. For assistance with the permit transfer, please call Mr. Charles Fham at 407-659-4874.

standards and set back lines and which do not encroach into any easements on the lot) shall be erected, placed or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the Architectural Control Committee as to quality of workmanship and materials, harmony of external design with existing structures, and location with respect to topography and finish grade elevation.

3. The Architectural Control Committee is composed of Hampton P. Conley and Simon D. Snyder. The Committee may designate a representative to act for it. In the event of the death or resignation of a member of the Committee, the remaining member shall have full authority to designate a successor. In any event, all powers and responsibilities of the original members shall terminate upon the sale by the Declarant of all of its lots within the entire Greater Pines Subdivision (including all phases of the Greater Pines Subdivision), and such powers and responsibilities shall thereafter be assumed by the Board of Directors of any homeowners' association made up of residents of the all platted phases of Greater Pines (the "Association") or their designated representatives. Neither the members of the Committee, nor its designated representatives, shall be entitled to any compensation for service performed pursuant to this covenant. At any time after the Declarant is no longer the owner of any lot within the Greater Pines Subdivision, including all phases thereof, the Board of Directors of the Association may annually designate the members of the Committee, and the then record owners of a majority of the lots shall have the power through a duly recorded written instrument to change the membership of the Committee or to withdraw from the Committee or restore to it any of its powers and duties.

4. The Committee's approval or disapproval as required in these covenants shall be in writing. In the event the Committee, or its designated representative, fails to approve or disapprove within thirty (30) days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

5. No dwelling shall be permitted on any lot at a cost of less than TWENTY-FIVE THOUSAND AND NO/100 DOLLARS (\$25,000.00) based upon cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of these covenants to assure that all dwellings shall be of a quality of workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size. The floor area of the main structure, exclusive of one-story open porches and garages, shall be not less than nine hundred fifty (950) square feet.

6. All dwellings shall be erected and maintained in compliance with the applicable setback requirements of Lake County and any governmental entity having jurisdiction over Greater Pines - Phase 8.

7. No structure of a temporary character, trailer, <sup>JAMES K. WHITKINS, CLERK OF COURT</sup> ~~basement~~, tent, shack, garage, <sup>LAKE COUNTY</sup> ~~apartment~~, barn or other outbuilding shall be used on any lot at any time <sup>TRUST FUND 1601</sup> ~~and~~ either temporarily or permanently. In addition, no accessory apartments (whether ~~authorized~~ <sup>authorized</sup> under Lake County rules, laws, ordinances or regulations) shall be used or permitted on any lot whether attached to a principal or accessory structure or free standing. Further, no truck larger than two (2) tons in total weight, trailer, recreational vehicle, boat or similar vehicle shall be stored, kept or parked contiguous to, on or about any lot without the express advance written authorization of the Architectural Control Committee, which consent may be withheld in said Committee's sole discretion and for any reason. Further, even if said permission has been granted, it may be revoked by the Architectural Control Committee in its reasonable discretion.

8. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become a nuisance to the neighborhood.

9. No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot, except that dogs, cats, or other household pets may be kept provided that they are not bred or maintained for any commercial purposes.

10. No sign of any kind shall be displayed to the public view on any lot, except one (1) professional sign of not more than one (1) square foot, one (1) sign of not more than five (5) square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and sale period.

11. No fence or wall shall be erected, placed or altered on any lot nearer to any street than the minimum building setback line and no fence or wall permitted hereunder shall, in any event be placed any closer than twenty-five (25) feet from any front street right-of-way and fifteen (15) feet from any side street right-of-way, and shall not exceed six (6) feet in height. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two (2) and six (6) feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines, or in the case of a rounded property corner, from the intersection of the street lines, as extended. The same sight line limitations shall apply on any lot within ten (10) feet from the intersection of a street property line with the edge of a driveway or alley pavement. No tree shall be permitted to remain within such distances of such intersections unless it is maintained at sufficient height to prevent obstruction of such sight lines.

12. No lots shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept, except in sanitary containers. All containers, receptacles and equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition.

13. No television or radio antenna shall be constructed or placed on the roof of any dwelling. No free-standing television or radio antenna shall be permitted on any lot unless (i) such free-standing antenna and the location of such free-standing antenna is approved by the

Architectural Control Committee and (ii) such free-standing antenna does not exceed five (5) feet in height above the highest point of the roof of the dwelling. Further, no television or radio dish antenna shall be permitted on any lot unless the appearance and location of such dish antenna is approved in advance by the Architectural Control Committee.

14. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Within these easements no structure (other than approved fencing), planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities or which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.

15. Water service for all lots shall be provided by a public or privately owned water system and the owners of residences shall pay the monthly charges for such services as are from time to time imposed. All lots shall be serviced by septic tanks, the maintenance and repair of which shall be the responsibility and obligation of the Lot Owner.

16. The Declarant has caused to be established or may cause to be established a "Municipal Service Taxing Unit" ("MSTU") or a "Municipal Service Benefit Unit" ("MSBU") which may provide for one or more of the following: (a) the maintenance and upkeep of any recreation, retention and drainage area shown on the recorded plats of the Greater Pines Subdivision, as more specifically set forth under the terms of the MSTU or MSBU; (b) the construction of improvements and facilities, (recreation, sidewalks, drainage, retention ponds, etc.) on and within various tracts and plat easement areas for the use and benefit of the Greater Pines Subdivision and the residents of the Greater Pines Subdivision including and all phases (existing or future) of the Greater Pines Subdivision; (c) the construction, operation and maintenance of street lighting for the Greater Pines Subdivision; and (d) any other purpose approved for the MSTU or MSBU by the applicable governmental jurisdiction. The provisions of any such MSTU or MSBU upon its establishment may place upon all residents of the Greater Pines Subdivision the obligation of payment for the construction, maintenance and upkeep provided for under the MSTU or MSBU. Upon its establishment, the specific terms of any such MSTU or MSBU may be obtained from the applicable county department(s).

17. The covenants and restrictions set forth in these Restrictions shall run with and bind the land, for a term of thirty (30) years from the date these Restrictions are recorded, after which time they shall be automatically extended for successive periods of ten (10) years. These Restrictions may be amended, in whole or in part, by an instrument signed by not less than seventy-five percent (75%) of the combined lot owners in Greater Pines - Phase 8; provided, however, so long as the Declarant is the owner of one or more lots within the Greater Pines Subdivision, (whether in the current development or a subsequent phase) any amendment shall require the written consent of the Declarant and provided, further, so long as Declarant is the owner of one or more lots within Greater Pines - Phase 8, Declarant may amend these Restrictions in whole or in part for reasons which benefit the entire Subdivision or to resolve

inconsistencies or errors in these Restrictions. Any amendment must be recorded in the Public Records of Lake County, Florida.

18. Enforcement of these Restrictions shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any restriction either to restrain violation or to recover damages, or for the specific performance of any covenant, and the Declarant hereunder shall be entitled to recover from the person or persons violating these Restrictions any and all costs and fees associated with the enforcement of these Restrictions, including reasonable attorneys' fees. Failure to enforce any covenant, condition or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

19. Where a building has been erected or the construction thereof is substantially advanced and it is situated on any lot in such a manner that same constitutes a violation or violations of any of the above covenants, conditions and restrictions, the Architectural Control Committee shall have the right at any time to release such lot or portions thereof from such part of the provisions of any of said covenants, conditions and restrictions as are violated; provided, however, that the said Architectural Control Committee shall not release a violation or violations of any of said covenants, conditions and restrictions except as to violations which, in its sole discretion, are determined to be minor, and the power to release any such lot or portions thereof from such a violation or violations shall be dependent on a determination by it that such violation or violations are minor.

20. The Lake County ordinances and development conditions applicable to the subdivision permit the rental of homes in the subdivision on both a short-term (less than 28 days) and a long-term basis, and the subdivision has been developed by Declarant in full reliance upon such applicable governmental ordinances and development conditions. All current and future owners of lots within the subdivision are hereby placed on notice of the allowance of both short-term and long-term rentals. All current and future residents of the subdivision are also put on notice that they should inquire of the County government for the specific terms of the ordinances and development conditions applicable to short-term rentals in the subdivision.

21. There may be additional restrictions applicable to the Greater Pines - Phase 8 Subdivision which are set forth on the face of the Plat of Greater Pines - Phase 8. Such restrictions are incorporated herein by this reference thereto.

22. No chain link fences shall be erected or maintained on any portion of any lot. This prohibition of chain link fences shall not prohibit the erection and maintenance of any chain link fence within other areas of the Subdivision outside the boundaries of platted lots.

**FOR GREATER PINES - PHASE 9**

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS, THE GREATER CONSTRUCTION CORP., a Florida corporation, is the owner of the following real property located in Lake County, Florida, to wit:

Lots 901 through 956, inclusive, GREATER PINES - PHASE 9, according to the Plat thereof, recorded in Plat Book 48, Pages 80 through 81, Public Records of Lake County, Florida (hereinafter referred to as the "Property").

AND WHEREAS, THE GREATER CONSTRUCTION CORP. desires that the Property be subject to restrictions for the mutual benefit and protection of themselves and persons, both natural and corporate, who may hereafter purchase or acquire any interest in the Property, or any portion thereof.

NOW THEREFORE, in consideration of the premises, THE GREATER CONSTRUCTION CORP., as the owner of all the Property described above (hereinafter sometimes referred to as "the Declarant"), does hereby declare the Property to be subject to the following restrictions, reservations and conditions (the "Restrictions") binding upon themselves and upon each and every person, both natural and corporate, who or which shall hereafter acquire any interest in the Property, or any portion thereof, and their heirs, successors and assigns, to wit:

1. No lot shall be used except for residential purposes. No building shall be erected, altered, placed or permitted to remain on any lot other than one (1) detached single-family dwelling and a private garage for not less than two (2) cars. Further, cars or other authorized vehicles hereunder shall be parked in the garage or driveway and in any event may not be parked in any easement areas or parked in the street area in front of the lot overnight or for a period of more than ten (10) consecutive hours. The provisions of this Section shall not apply to the parking or storage of any vehicles used by the Declarant during construction of any residence or other development of the Property.

2. No building, structure or appurtenance (including fences but excluding in ground swimming pools which are built in compliance with applicable governmental codes and

standards and set back lines and which do not encroach into any easements on the lot) shall be erected, placed or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the Architectural Control Committee as to quality of workmanship and materials, harmony of external design with existing structures, and location with respect to topography and finish grade elevation.

3. The Architectural Control Committee is composed of Hampton P. Conley and Simon D. Snyder. The Committee may designate a representative to act for it. In the event of the death or resignation of a member of the Committee, the remaining member shall have full authority to designate a successor. The two (2) original members set forth herein may resign from the Committee at any time, in their sole discretion, and appoint either two (2) or three (3) new members as their replacements making up the Architectural Control Committee. In any event, all powers and responsibilities of the original members shall terminate upon the sale by the Declarant of all of its lots within the entire Greater Pines Subdivision (including all phases of the Greater Pines Subdivision), and such powers and responsibilities shall thereafter be assumed by the Board of Directors of any homeowners' association made up of residents of all platted phases of Greater Pines (the "Association") or their designated representatives. Neither the members of the Committee, nor its designated representatives, shall be entitled to any compensation for service performed pursuant to this covenant. At any time after the Declarant is no longer the owner of any lot within the Greater Pines Subdivision, including all phases thereof, the Board of Directors of the Association may annually designate the members of the Committee, and the then record owners of a majority of the lots shall have the power through a duly recorded written instrument to change the membership of the Committee or to withdraw from the Committee or restore to it any of its powers and duties.

4. The Committee's approval or disapproval as required in these covenants shall be in writing. In the event the Committee, or its designated representative, fails to approve or disapprove within thirty (30) days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

5. No dwelling shall be permitted on any lot at a cost of less than TWENTY-FIVE THOUSAND AND NO/100 DOLLARS (\$25,000.00) based upon cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of these covenants to assure that all dwellings shall be of a quality of workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size. The floor area of the main structure, exclusive of one-story open porches and garages, shall be not less than sixteen hundred (1,600) square feet.

6. All dwellings shall be erected and maintained in compliance with the applicable setback requirements of Lake County and any governmental entity having jurisdiction over Greater Pines - Phase 9.

7. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any lot at any time as a residence either temporarily or

permanently. In addition, no accessory apartments (whether or not authorized under Lake County rules, laws, ordinances or regulations) shall be used or permitted on any lot whether attached to a principal or accessory structure or free standing. Further, no truck larger than two (2) tons in total weight, trailer, recreational vehicle, boat or similar vehicle shall be stored, kept or parked contiguous to, on or about any lot without the express advance written authorization of the Architectural Control Committee, which consent may be withheld in said Committee's sole discretion and for any reason. Further, even if said permission has been granted, it may be revoked by the Architectural Control Committee in its reasonable discretion.

8. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become a nuisance to the neighborhood.

9. No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot, except that dogs, cats, or other household pets may be kept provided that they are not bred or maintained for any commercial purposes.

10. No sign of any kind shall be displayed to the public view on any lot, except one (1) professional sign of not more than one (1) square foot, one (1) sign of not more than five (5) square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and sale period.

11. No fence or wall shall be erected, placed or altered on any lot nearer to any street than the minimum building setback line and no fence or wall permitted hereunder shall, in any event, be placed any closer than twenty-five (25) feet from any front street right-of-way and fifteen (15) feet from any side street right-of-way, and shall not exceed six (6) feet in height. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two (2) and six (6) feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines, or in the case of a rounded property corner, from the intersection of the street lines, as extended. The same sight line limitations shall apply on any lot within ten (10) feet from the intersection of a street property line with the edge of a driveway or alley pavement. No tree shall be permitted to remain within such distances of such intersections unless it is maintained at sufficient height to prevent obstruction of such sight lines.

12. No lots shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept, except in sanitary containers. All containers, receptacles and equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition.

13. No television or radio antenna shall be constructed or placed on the roof of any dwelling. No free-standing television or radio antenna shall be permitted on any lot unless (i) such free-standing antenna and the location of such free-standing antenna is approved by the Architectural Control Committee and (ii) such free-standing antenna does not exceed five (5) feet in height above the highest point of the roof of the dwelling. Further, no television or radio

dish antenna shall be permitted on any lot unless the appearance and location of such dish antenna is approved in advance by the Architectural Control Committee.

14. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Within these easements no structure (other than approved fencing), planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities or which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.

15. Water service for all lots shall be provided by a public or privately owned water system and the owners of residences shall pay the monthly charges for such services as are from time to time imposed. All lots shall be serviced by septic tanks, the maintenance and repair of which shall be the responsibility and obligation of the owner of each lot.

16. The Declarant has caused to be established or may cause to be established a "Municipal Service Taxing Unit" ("MSTU") or a "Municipal Service Benefit Unit" ("MSBU") which may provide for one or more of the following: (a) the maintenance and upkeep of any recreation, retention and drainage area shown on the recorded plats of the Greater Pines Subdivision, as more specifically set forth under the terms of the MSTU or MSBU; (b) the construction of improvements and facilities, (recreation, sidewalks, drainage, retention ponds, etc.) on and within various tracts and plat easement areas for the use and benefit of the Greater Pines Subdivision and the residents of the Greater Pines Subdivision including and all phases (existing or future) of the Greater Pines Subdivision; (c) the construction, operation and maintenance of street lighting for the Greater Pines Subdivision; and (d) any other purpose approved for the MSTU or MSBU by the applicable governmental jurisdiction. The provisions of any such MSTU or MSBU upon its establishment may place upon all residents of the Greater Pines Subdivision the obligation of payment for the construction, maintenance and upkeep provided for under the MSTU or MSBU. Upon its establishment, the specific terms of any such MSTU or MSBU may be obtained from the applicable county department(s).

17. The covenants and restrictions set forth in these Restrictions shall run with and bind the land, for a term of thirty (30) years from the date these Restrictions are recorded, after which time they shall be automatically extended for successive periods of ten (10) years. These Restrictions may be amended, in whole or in part, by an instrument signed by not less than seventy-five percent (75%) of the combined lot owners in Greater Pines - Phase 9; provided, however, so long as the Declarant is the owner of one or more lots within the Greater Pines Subdivision, (whether in the current development or a subsequent phase) any amendment shall require the written consent of the Declarant and provided, further, so long as Declarant is the owner of one or more lots within Greater Pines - Phase 9, Declarant may amend these Restrictions in whole or in part, without the necessity of obtaining the consent or approval of any other lot owners in Greater Pines - Phase 9, for reasons which benefit the entire Subdivision or to resolve inconsistencies or errors in these Restrictions. Any amendment must be recorded in the Public Records of Lake County, Florida.

18. Enforcement of these Restrictions shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any restriction either to restrain violation or to recover damages, or for the specific performance of any covenant, and the Declarant hereunder shall be entitled to recover from the person or persons violating these Restrictions any and all costs and fees associated with the enforcement of these Restrictions, including reasonable attorneys' fees. Failure to enforce any covenant, condition or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

19. Where a building has been erected or the construction thereof is substantially advanced and it is situated on any lot in such a manner that the same constitutes a violation or violations of any of the above covenants, conditions and restrictions, the Architectural Control Committee shall have the right at any time to release such lot or portions thereof from such part of the provisions of any of said covenants, conditions and restrictions as are violated; provided, however, that the said Architectural Control Committee shall not release a violation or violations of any of said covenants, conditions and restrictions except as to violations which, in its sole discretion, are determined to be minor, and the power to release any such lot or portions thereof from such a violation or violations shall be dependent on a determination by it that such violation or violations are minor.

20. There may be additional restrictions applicable to the Greater Pines - Phase 9 Subdivision which are set forth on the face of the Plat of Greater Pines - Phase 9. Such restrictions are incorporated herein by this reference thereto.

21. No chain link fences shall be erected or maintained on any portion of any lot. This prohibition of chain link fences shall not prohibit the erection and maintenance of any chain link fence within other areas of the Subdivision outside the boundaries of platted lots.

IN WITNESS WHEREOF, THE GREATER CONSTRUCTION CORP. has caused these presents to be executed by its duly authorized officers and its corporate seal to be hereunto affixed this 25 day of March, 2002.

The association shall indemnify any person who was or is a party to any proceeding by or in the right of the association to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee, or agent of the association or is or was serving at the request of the association as a director, officer, employee, or agent of another association, partnership, joint venture, trust, or other enterprise, against expenses and amounts paid in settlement not exceeding, in the judgment of the board of directors, the estimated expense of litigation the proceeding to conclusion,

actually and reasonably incurred in connection with the defense or settlement of such proceeding, including any appeal thereof. Such indemnification shall be authorized if such person acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the association, except that no indemnification shall be made under this section in respect of any claim, issue, or matter as to which such person shall have been adjudged to be liable unless, and only to the extent that, the court in which proceeding was brought, or any other court of competent jurisdiction, shall determine upon application that, despite the adjudication of liability but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

Section 3. Expenses. To the extent that a director, officer, employee, or agent of the association has been successful on the merits or otherwise in defense of any proceeding referred to in Section 1 or Section 2, or in defense of any claim, issue, or matter therein, he shall be indemnified against expenses actually and reasonably incurred by him in connection therewith.

Section 4. Standard of Conduct. Any indemnification under Section 1 or Section 2, unless pursuant to a determination by a court, shall be made by the association only as authorized in the specific case upon a determination that indemnification of the director, officer, employee, or agent is proper in the circumstances because he has met the applicable standard of conduct

set forth in Section 1 or Section 2. Such determination shall be made:

(a) By the board of directors by a majority vote of a quorum consisting of directors who were not parties to such proceeding;

(b) If such a quorum is not obtainable or, even if obtainable, by majority vote of a committee duly designated by the board of directors (in which directors who are parties may participate) consisting solely of two or more directors not at the time parties to the proceeding;

(c) By independent legal counsel:

(1) Selected by the board of directors prescribed in paragraph (a) or the committee prescribed in paragraph (b); or

(2) If a quorum of the directors cannot be obtained for paragraph (a) and the committee cannot be designated under paragraph (b), selected by majority vote of the full board of directors (in which directors who are parties may participate); or

(d) By the Members by a majority vote of a quorum consisting of Members who were not parties to such proceeding or, if no such quorum is obtainable, by a majority vote of Members who were not parties to such proceeding.

Section 5. Reasonableness of Expenses. Evaluation of the reasonableness of expenses and authorization of indemnification shall be made in the same manner as the determination that

indemnification is permissible. However, if the determination of permissibility is made by independent legal counsel, persons specified by paragraph (c) of Section 4 shall evaluate the reasonableness of expenses and may authorize indemnification.

Section 6. Advances for Expenses. Expenses incurred by an officer or director in defending a civil or criminal proceeding may be paid by the association in advance of the final disposition of such proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if he is ultimately found not to be entitled to indemnification by the association pursuant to this Article XVIII. Expenses incurred by other employees and agents may be paid in advance upon such terms of conditions that the board of directors deems appropriate.

Section 7. Nonexclusivity of Indemnification Provisions. The indemnification and advancement of expenses provided pursuant to this Article are not exclusive and the association may make any other or further indemnification or advancement of expenses of any of its directors, officers, employees, or agents, under any bylaw, agreement, vote of members or disinterested directors, or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office. However, indemnification or advancement of expenses shall not be made to or on behalf of any director, officer, employee, or agent if a judgment or other final adjudication establishes that his actions or omissions to act were material to the cause of action so adjudicated and constitute;

(a) A violation of the criminal law, unless the director, officer, employee or agent had reasonable cause to believe his conduct was lawful or had no reasonable cause to believe his conduct was unlawful;

(b) A transaction from which the director, officer, employee, or agent derived an improper personal benefit;

(c) In the case of a director, a circumstance under which the liability provisions of Section 617.0831 of the Florida Business Association Act are applicable; or

(d) Willful misconduct or a conscious disregard for the best interest of the association in a proceeding by or in the right of the association to procure a judgment in its favor or in a proceeding by or in the right of a member.

Section 8. Applicability to Former Officers, Etc. Indemnification and advancement of expenses as provided in this Article shall continue as, unless otherwise provided when authorized or ratified, to a person who has ceased to be a director, officer, employee, or agent and shall inure to the benefit of the heirs, executors, and administrators of such a person, unless otherwise provided when authorized or ratified.

Section 9. Court Ordered Indemnification. Unless the association's articles of incorporation provide otherwise, notwithstanding the failure of the association to provide indemnification, and despite any contrary determination of the board or of the members in the specific case, a director, officer, employee, or agent of the association who is or was a party to a

proceeding may apply for indemnification or advancement of expenses, if it determines that:

(a) The director, officer, employee, or agent is entitled to mandatory indemnification under Section 3; in which case the court shall also order the association to pay the director reasonable expenses incurred in obtaining court-ordered indemnification or advancement of expenses;

(b) The director, officer, employee, or agent is entitled to indemnification or advancement of expenses, or both, by virtue of the exercise by the association of its power pursuant to Section 7; or

(c) The director, officer, employee, or agent is fairly and reasonably entitled to indemnification or advancement of expenses, or both, in view of all the relevant circumstances, regarding of whether such person met the standard of conduct set forth in Section 1, Section 2, or Section 7.

Section 10. Merger, Etc. For purposes of this Article, the term "association" includes, in addition to the resulting association, any constituent association (including any constituent of a constituent) absorbed in a consolidation or merger, so that any person who is or was a director, officer, employee, or agent of constituent association, or is or was serving at the request of a constituent association as a director, officer, employee, or agent of another association, partnership, joint venture, trust or other enterprise, is in the same position under this Article with respect to the resulting or surviving association as he would have with

respect to such constituent association if its separate existence had continued.

Section 11. Definitions. For purposes of this Article:

(a) The term "other enterprises" includes employee benefit plans;

(b) The term "expenses" includes counsel fees, including those for appeal;

(c) The term "liability" include obligations to pay a judgment, settlement, penalty, fine (including an excise tax assessed with respect to any employee benefit plan), and expenses, actually and reasonably incurred with respect to a proceeding;

(d) The term "proceeding" includes any threatened, pending, or contemplated action, suit, or other type of proceeding whether civil, criminal, administrative, or investigative and whether formal or informal;

(e) The term "agent" includes a volunteer;

(f) The term "serving at the request of the association" includes any service as a director, officer, employee, or agent of the association that imposes duties on such persons, including duties relating to an employee benefit plan and its participants or beneficiaries; and

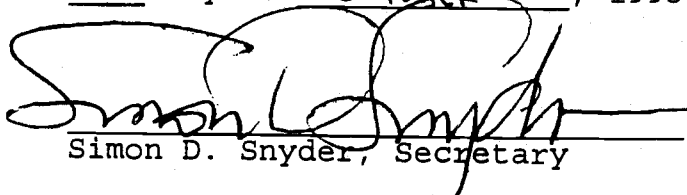

(g) The term "not opposed to the best interest of the association" describes the actions of a person who acts in good faith and in a manner he reasonably believes to be in the best interests of the participants and beneficiaries of any

employee benefit plan.

Section 12. Insurance. The association shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of the association or is or was serving at the request of the association as a director, officer, employee, or agent of another association, partnership, joint venture, trust, or other enterprise against any liability asserted against him and incurred by him in any such capacity or arising out of his status as such, whether or not the association would have the power to indemnify him against such liability under the provisions of this section.

Section 13. Extension of Indemnification Provisions. To the extent that the Florida Business Association Act is amended after the date of these bylaws to permit the Association to provide broader indemnification rights than those set forth above in this Article XVIII, then these bylaws shall be deemed to automatically include any such amendments to the Florida Business Association Act.

These Bylaws adopted at the First Organizational Meeting of the Board of Directors on the 1<sup>st</sup> day of October, 1993.

Re: Greater Pines Subdivision - special assessments

Dear Ms. Davis:

This in response to your letter dated November 27, 2001 sent to my attention. I want to further clarify when and how special assessments are imposed on the lots within the Greater Pines Subdivision to provide for "general and municipal service and facilities" which includes stormwater management.

Each year the County receives from the Property Appraiser a mini tax roll for the Greater Pines Subdivision. Whichever lots have been assigned an alternate key number are assessed on that years tax bill. According to Julia Wilson, Senior Budget Analyst and Assessment Manager, this year the tax roll included lots within Greater Pines Subdivision phases 1-7. Thus, those were the only lots assessed this year. It does not appear that lots within phases 8-10 were assessed this year as they have apparently not been assigned an alternate key number yet. When alternate key numbers are assigned for those lots and are provided to the County on the mini tax roll, they too will be assessed if the County is imposing special assessments in that subdivision at that time.

If you have any questions, please give me a call.

Sincerely,

Re: Greater Pines Phases 8-10/and Permit No. 4-069-0276AM3-ERP

Dear Ms. Fuchs:

It was a pleasure speaking with you yesterday. Thank you for clarifying for me that all lots in the Greater Pines subdivision are or will be subject to the special assessment (a portion of the assessment to be applied to the operation and maintenance of the surface water/ stormwater management system) as each lot comes onto the tax rolls or within 2-3 months thereafter.

Re: Greater Pines—Special Assessments; 4-069-0276AM3-ERP

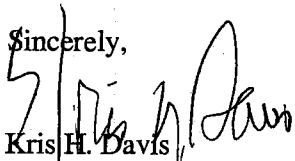

Dear Mr. Stivender:

It is my understanding that Lake County Board of County Commissioners was to impose a special assessment against Phases 8-10 of the above-referenced subdivision. I have attached copies of our previous correspondence regarding this matter.

Please kindly provide me with a copy of the resolution for these special assessments.
