CPH Engineers faxed letter to District, dated September 22, 2005

Dear Mr. Gregg:

Pursuant to staff receipt of your faxed letter on September 22, 2005, District Compliance staff visited the subdivision on December 22, 2005, to inspect the surface water management system. Staff concurs with the CPH letter report that the corrective actions described in the reference District letter have been completed.

On the basis of your completion of these corrective actions, staff has determined that the substantial deviations have been corrected and the system is being maintained in accordance with the District permit.

On the basis of these findings, the permit can be converted to it Operations and Maintenance phase, per 40C-42.028, Florida Administrative Code, and transferred to the Operation and Maintenance entity, Greater Pines HOA, Inc., per 40C-1.612, F.A.C.

If you need further information, please contact me at 407-659-4834. For assistance with the permit transfer, please call Mr. Charles Pham at 407-659-4874.

Sincerely,

K. Wilford Causseaux, PE
