Marlene,

I'm leaving in a few minutes for a meeting at our District headquarters, but I'll get back to you this afternoon or tomorrow to discuss enforcement action options, etc. I've heard back from Lennar and they contend that the issue is the responsibility of another entity. That may be the case, but they still hold the permit and are therefore bound by its conditions.

KAL

Do you think it's time for another meeting with the folks in Stratford?
