PROJECT NAME: SOMERSET ESTATES PHASE II AT KINGS RIDGE

I hereby certify that all components of this stormwater management system have been built substantially in accordance with the approved plans and specifications and is ready for inspection. Any substantial deviations (noted below) from the approved plans and specifications will not prevent the system from functioning in compliance with the requirements of chapter 40C-4, 40C-41, or 40C-42, F.A.C. (as applicable), when properly maintained and operated. These determinations have been based upon on-site observation of the system conducted by me or by my designee under my direct supervision and/or my review of as-built plans certified by a registered professional or Land Surveyor licensed in the State of Florida.
