The District will take action on each permit application listed above unless a petition for an administrative proceeding (hearing) is filed pursuant to the provisions of Sections 120.569 and 120.57, Florida Statutes Chapter 28-106 and 40C-1.1007, Florida Administrative Code (F.A.C.). A person whose substantial interests are affected by any of the Districts proposed permitting decisions identified above may petition for administrative hearing in accordance with Sections 120.569 and 120.57 or all parties may reach a written agreement on mediation as an alternative remedy under Section 120.573. Choosing mediation will not adversely affect the right to a hearing if mediation does not result in a settlement. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., concerning the subject permit application. Petitions which are not filed in accordance with the above provisions are subject to dismissal. Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the District's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the District on the application have the right to become a party to the proceeding, in accordance with the requirements set forth above.

## NOTICE OF RIGHTS

1. A person whose substantial interests are or may be determined has the right to request an administrative hearing by filing a written petition with the St. Johns River Water Management District (District), or may choose to pursue mediation as an alternative remedy under Sections 120.569 and 120.573, Florida Statutes, before the deadline for filing a petition. Choosing mediation will not adversely affect the rights to a hearing if mediation does not result in a settlement. The procedures for pursuing mediation are set forth in Sections 120.569 and 120.57, Florida Statutes, and Rules 28-106.111 and 28-106.401-.405, Florida Administrative Code. Pursuant to Chapter 28-106 and Rule 40C-1.1007, Florida Administrative Code, the petition must be filed at the office of the District Clerk at District Headquarters, P. O. Box 1429 Palatka, Florida 32178-1429 (4049 Reid St., Palatka, FL 32177) within twenty-six (26) days of the District depositing notice of District decision in the mail (for those persons to whom the District mails actual notice) or within twenty-one (21) days of newspaper publication of the notice of District decision (for those persons to whom the District does not mail actual notice). A petition must comply with Chapter 28-106, Florida Administrative Code.
2. If the Governing Board takes action which substantially differs from the notice of District decision, a person whose substantial interests are or may be determined has the right to request an administrative hearing or may choose to pursue mediation as an alternative remedy as described above. Pursuant to District Rule 40C-1.1007, Florida Administrative Code, the petition must be filed at the office of the District Clerk at the address described above, within twenty-six (26) days of the District depositing notice of final District decision in the mail (for those persons to whom the District mails actual notice) or within twenty-one (21) days of newspaper publication of the notice of its final agency action (for those persons to whom the District does not mail actual notice). Such a petition must comply with Rule Chapter 28-106, Florida Administrative Code.
3. A substantially interested person has the right to a formal administrative hearing pursuant to Sections 120.569 and 120.57(1), Florida Statutes, where there is a dispute between the District and the party regarding an issue of material fact. A petition for formal hearing must comply with the requirements set forth in Rule 28-106.201, Florida Administrative Code.
4. A substantially interested person has the right to an informal hearing pursuant to Sections 120.569 and 120.57(2), Florida Statutes, where no material facts are in dispute. A petition for an informal hearing must comply with the requirements set forth in Rule 28-106.301, Florida Administrative Code.
5. A petition for an administrative hearing is deemed filed upon delivery of the petition to the District Clerk at the District Headquarters in Palatka, Florida.
6. Failure to file a petition for an administrative hearing, within the requisite time frame shall constitute a waiver of the right to an administrative hearing (Section 28-106.111, Florida Administrative Code).
7. The right to an administrative hearing and the relevant procedures to be followed are governed by Chapter 120, Florida Statutes, and Chapter 28-106, Florida Administrative Code, and Section 40C-1.1007, Florida Administrative Code.
8. An applicant with a legal or equitable interest in real property who believes that a District permitting action is unreasonable or will unfairly burden the use of his property, has the right to, within 30 days of receipt of notice of the District's written decision regarding a permit application, apply for a special master proceeding under Section 70.51, Florida Statutes, by filing a written request for relief at the office of the District Clerk located at District headquarters, P. O. Box 1429, Palatka, FL 32178-1429 (4049 Reid St., Palatka, FL 32177). A request for relief must contain the information listed in Subsection 70.51(6), Florida Statutes.
9. A timely filed request for relief under Section 70.51, Florida Statutes, tolls the time to request an administrative hearing under paragraph no. 1 or 2 above (Paragraph 70.51(10)(b), Florida Statutes). However, the filing of a request for an administrative hearing under paragraph no. 1 or 2 above waives the right to a special master proceeding (Subsection 70.51(10)(b), Florida Statutes).

10. Failure to file a request for relief within the requisite time frame shall constitute a waiver of the right to a special master proceeding, Subsection 70.51(3), Florida Statutes.
11. Any substantially affected person who claims that final action of the District constitutes an unconstitutional taking of property without just compensation may seek review of the action in circuit court pursuant to Section 373.617, Florida Statutes, and the Florida Rules of Civil Procedures, by filing an action in circuit court within 90 days of rendering of the final District action, (Section 373.617, Florida Statutes).
12. Pursuant to Section 120.68, Florida Statutes, a person who is adversely affected by final District action may seek review of the action in the District Court of Appeal by filing a notice of appeal pursuant to the Florida Rules of Appellate Procedure within 30 days of the rendering of the final District action.
13. A party to the proceeding before the District who claims that a District order is inconsistent with the provisions and purposes of Chapter 373, Florida Statutes, may seek review of the order pursuant to Section 373.114, Florida Statutes, by the Florida Land and Water Adjudicatory Commission, by filing a request for review with the Commission and serving a copy on the Department of Environmental Protection and any person named in the order within 20 days of adoption of a rule or the rendering of the District order.
14. For appeals to the District Courts of Appeal, a District action is considered rendered after it is signed on behalf of the District, and is filed by the District Clerk.
15. Failure to observe the relevant time frames for filing a petition for judicial review described in paragraphs #11 and #12, or for Commission review as described in paragraph #13, will result in waiver of that right to review.

**General Description of Application Number 4-069-0326AM9-ERP**

This application is for construction of a surface water management system consisting of mass grading for a future golf course residential community, including construction of two lined wet retention ponds, and nine dry retention ponds in 228.80 acres of area known as Kings Ridge North.

**Authority:** Chapter 373 F.S.; Chapter 40C-4.041, (2)(b) 2., F.A.C.

**Existing Land Use:** Former grove, lake

**Hydrologic Basin(s):** Lake Apopka (7B)

**Receiving Water Body(ies):** Lake Felter **Class:** III

**Easements/Restrictions:** No

**Operation and Maintenance Entity:** Applicant.

**Staff Comments:**

The project site is located south of the City of Clermont, on U.S. Highway 27, between Hancock Road and Lake Felter in the Kings Ridge subdivision, in Lake County, Florida. Lake Felter borders a portion of the project site's western boundary. The site is in the Ocklawaha River Basin.

### Project History:

A stormwater permit #42-069-1062 was issued for Phase I of the Kings Ridge development on June 28, 1995. This permit authorized the construction of a stormwater system consisting of a 17.85-acre project including an entrance road, model homes, and sales center. Permit 40-069-0196 was issued for Phase II. Phase II of the project consisted of three dry-retention ponds and two, existing, dry retention ponds (two depressional areas), and one temporary dry retention pond. Phase III of the project (4-069-0326) consisted of a residential development with 145 lots and 11 holes of golf for a future 18-hole golf course. The surface water management system for Phase III included 299.27 acres of area (38 acres of subdivision and 261.27 of mass grading and 10 retention ponds). Subsequently, Permits 4-096-0326M-ERP through 4-096-0326M8-ERP (issued July 8, 1998) have been issued for the site. A portion of the proposed Kings Ridge North was reviewed as part of North Ridge, Phase I, permit number 40-069-0370-ERP, issued June 30, 1999.

### Proposed Project:

This application is for mass grading of 228.80 acres for a proposed golf course residential community, including the construction of two wet retention ponds, nine dry retention basins, and associated stormsewer inlet pipes. No placement of impervious surfaces is proposed by this application. The applicant has supplied an erosion and sediment control plan for the area to be cleared and graded.

In the pre-development condition, the project site is on a rolling hills terrain with the highest elevation about 265 feet and the lowest elevation at about 80 feet on Lake Felter. The runoff drains toward Lake Felter, located on the northwest corner of the site. Lake Felter is a land-locked lake. The applicant has preliminarily designed a surface water management system for the future golf course community. The design includes eleven retention ponds to retain the total runoff of the 25-year/96-hour storm event. Two of the retention ponds are lined wet retention ponds and nine are dry retention ponds. These ponds will recover water quality treatment volume in 72 hours and the total runoff of the 25-year/96-hour storm event in 14 days. Soil infiltration was accounted for during the storm event for the unlined ponds. The proposed surface water management system satisfies the Ocklawaha River Hydrologic Basin Storm Frequency Standard.

The site is a former grove with planted slash pine. A small portion of Lake Felter, 1.27 acres, extends into the western boundary of the property. This surface water and its associated shoreline wetland were reviewed as part of permit 40-069-0370-ERP, North Ridge, Phase I. Impacts to wetlands and/or other surface waters were not proposed under the previous permit nor are they proposed under this application. Appropriate measures to protect the wetlands have been provided. Secondary impacts to fish and wetland dependent wildlife species are not anticipated due to the fact that no construction is proposed waterward of the 100-year flood elevation, which is considerably upgradient of the wetland line. The application has provided as a buffer, stormwater pond # 16 and associated conveyance swales around and approximately 75 feet to 100 feet landward of the 1.27-acre Lake Felter wetland area.

The proposed project meets all applicable conditions for permit issuance pursuant to sections 40C-4.301, 40C-4.302, and 40C-41.063(2)(a), F.A.C.
