**ABERDEEN PHASE II @ KINGS RIDGE
PROJECT SUMMARY**

Aberdeen Phase II consists of 57 lots in 10.59 acres with the associated stormwater conveyance system. This project lies within the Kings Ridge Planned Unit Development for which a Master Stormwater Plan has been previously permitted to which a St. John's Individual permit was issued. Permit No. 4-069-0326AM9-ERP. The developed site condition summary shows that the actual curve number to date including this project is equal to or lower than the curve numbers assumed for build-out within these stormwater calculations permitted under the above referenced project.

By signing and submitting this application form, I am applying, or I am applying on behalf of the applicant, for the permit and any proprietary authorizations identified above, according to the supporting data and other incidental information filed with this application. I am familiar with the information contained in this application, and represent that such information is true complete and accurate. I understand this is an application and not a permit, and work prior to approval is a violation. I understand that this application and any permit issued or proprietary authorization issued pursuant thereto, does not relieve me of any obligation for obtaining any other required federal, state, water management district or local permit prior to commencement of construction. I agree, or I agree on behalf of my corporation, to operate and maintain the permitted system unless the permitting agency authorizes transfer of the permit to a responsible operation entity. I understand that knowingly making any false statement or representation in this application is a violation of Section 373.430, F.S., and 18 U.S.C. Section 1001.
