MSSW/STORMWATER AS-BUILT CERTIFICATION BY A REGISTERED PROFESSIONAL

PERMIT NUMBER: 40-069-0196M-ERP

PROJECT NAME: Danbury Mill Blvd. Extension @ Kings Ridge

I hereby certify that all components of this stormwater management system have been built substantially in accordance with the approved plans and specifications and is ready for inspection. Any substantial deviations (noted below) from the approved plans and specifications will not prevent the system from functioning in compliance with the requirements of chapter 40C-4, 40C-41 or 40C-42, F.A.C. (as applicable), when properly maintained and operated. These determinations have been based upon on-site observation of the system conducted by me or by my designee under my direct supervision and/or my review of as-built plans certified by a registered professional or Land Surveyor licensed in the State of Florida.

(Affix Seal)

Substantial deviations from the approved plans and specifications:

No substantial deviations.

(Note: attach two copies of as-built plans when there are substantial deviations)

Within 30 days of completion of the system, submit two copies of this form to:
Department of Permit Data Services
St. Johns River Water Management District
P.O. Box 1429
Palatka, FL 32178-1429.

*A registered professional is defined in subsection 40C-42.021(1) as "a professional registered in Florida with the necessary expertise in the fields of hydrology, drainage, flood control, erosion and sediment control, and stormwater pollution control to design and certify stormwater management systems. Examples of registered professionals may include professional engineers licensed under chapter 471, F.S., professional landscape architects licensed under chapter 481, F.S., and professional geologists licensed under chapter 492, F.S., who have the referenced skills.

District Form No. 40C-1.181(13)
