

Affidavit of Publication

Daily Commercial

Leesburg, Lake County, Florida

Case No. _____

STATE OF FLORIDA
COUNTY OF LAKE

Before the undersigned authority personally appeared Ron Wallace who on oath says that he is the Publisher of the Daily Commercial, a daily newspaper published at Leesburg in Lake County, Florida, that the attached copy of advertisement, being

_____ 264615
in the matter of Permit App.

in the _____ Court,

was inserted in said newspaper in the issues of _____
Feb 18, 2011

Affiant further says that the said Daily Commercial is a newspaper published in said Leesburg, in said Lake County, Florida, and that the said newspaper has heretofore been continuously published in said Lake County, Florida each day and has been entered as second class matter at the post office in Leesburg in said Lake County, Florida, for a period of one year preceding the first publication of the attached copy of advertisement; and affiant further says that he has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the purpose of securing this advertisement for publication in said newspaper.

Signed Ron Wallace
Ron Wallace, Publisher

Sworn to and subscribed before me this 18 day of
Feb., 2011, by Ron Wallace,
Publisher, who is personally known to me.

(Seal)

Kerri McCowan
Kerri McCowan, Notary Public

Notice Here

The St. Johns River Water Management District (District) gives notice of receipt of the following permit application(s):

Individual ERP Permit Applications Blackwater Creek Wetlands Mitigation, LLC, 814 S. Military Trail, Bldg 6, West Palm Beach, FL 33422, application #4-069-92314-4. The project is located in Lake County, Sections 13, 14, 23, 24, 25 & 26, Township 18 South, Range 27 East, and includes 347.08-acres. The Environmental Resource Permit application is for modification to the previously issued surface water management permit(s) for a project known as Blackwater Creek Mitigation.

Standard General and Standard ERP Permit Applications Lake County Public Works, 437 Ardice Avenue, Eustis, FL 32726, application #40-069-50126-4. The project is located in Lake County, Sections 16, 17, 8 & 9, Township 22 South, Range 26 East, and includes 33.03-acres. The Environmental Resource Permit application is for construction of a surface water management system for a road construction project known as Hancock Road-Old Highway 50 to Fosgate Road. The receiving waterbodies are Clarence Lake, Plum Lake and an unnamed depression.

The file(s) containing the permit application(s) are available for inspection Monday through Friday, except for District holidays, 8 a.m. to 5 p.m. at the District's Headquarters, 4049 Reid, St., Palatka, FL 32177-2529. You may also view files at one of the District's Service Centers, but you should call Service Center staff in advance to make sure that the files are at a specific Service Center. Service Center contact information is available online at floridaswater.com/contactus/offices.html. Additionally, most permit application file documents can be viewed online at floridaswater.com/permitting/index.html. To obtain information on how to find and view permit application file documents, go to the HELP tab in E-Permitting and click on Support and FAQs and then follow the directions provided under "How to find a Technical Staff Report (TSR) or other application file documents."

The decision on Standard General and Standard permit applications will be made at the District's Service Center where the application is processed, unless the application is upgraded to an individual permit as explained below. A substantial objection to a Standard General or Standard permit application must be made in writing and filed with (received by) the Director of Regulatory Information Management, P.O. Box 1429, Palatka, FL 32178-1429, or by e-mail at applicationsupport@sjrwmd.com, within 14 days of notification of the application. Please include either the Permit Application number or the Project Name in the objection. Notification of the application is either the fifth day after the date on which the written notice is deposited in the U.S. mail (for those persons who receive actual notice by U.S. mail), the day the notice is

emailed (for those persons who receive actual notice by email), or the date the notice is published in the newspaper (if actual notice is not provided by U.S. mail or email). A "substantial objection" means a written statement directed to the District that identifies the objector, concerns hydrologic or environmental impacts of the proposed activity, and relates to applicable rule criteria. A timely substantial objection will cause the Standard General or Standard permit application to be considered an application for an individual permit. If the District receives a timely substantial objection from you, then you will receive written notice of the District's intended decision on the permit application.

Please note that decisions on individual permit applications will be made either by the District's Executive Director or designee (for those applications which are recommended for approval) or by the District's Governing Board (for those applications which are recommended for denial). For individual permit applications, you are advised to notify the District within 14 days of notification of the application(s) if you have questions, objections, comments, or information regarding the activity proposed in the permit application. If you make a written request to the District for additional information regarding a specific permit application, you will be provided an opportunity to obtain the available information. Please note that filing a written objection does not entitle you to a Chapter 120, Florida Statutes, administrative hearing.

Notice of intended (proposed) District Decision will be provided to persons who have requested individual notice. A request for individual notice of intended (proposed) District Decision on the application must be received by the District's Director of the Division of Regulatory Information Management prior to the date the notice of intended (proposed) District Decision is generated.

Margaret Daniels, Acting Director, Division of Regulatory Information Management
