RE: **SJRWMD ENVIRONMENTAL RESOURCE PERMIT APPLICATION**
Modification of Permit No. 4-069-68272-3; Issued March 13, 2001

Dear Sirs:

Please find enclosed a \$500 Standard General ERP application fee, (5) signed copies of the completed application form and (5) sets of engineering plans for the above referenced project. In accordance with Condition No. 25 of the SJRWMD Permit issued March 13, 2001, the proposed impervious surface area is only 65.82% (see Sheet 4 of 15), which is less than the maximum 90% impervious surface assumed by the original calculations.

Please contact us regarding any questions regarding this application package.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rick McCoy', written over the typed name and title.

Rick McCoy, P.E.
Project Engineer
