RE: Standard General Stormwater Permit Application
East Ridge High School Classroom Addition
Lake County, Florida

To Whom It May Concern:

We hereby submit our application for a Standard General Stormwater permit modification for the above referenced project. East Ridge High School is an existing school site located in Sections 28, Township 22 South, Range 26 East in the vicinity of the City of Clermont. A SJRWMD permit was issued for this site in 2001 with Application # 4-069-68272-3 and a project name of High School AAA. This project involves the construction of a new classroom building and associated sidewalks. The site is located at southeast corner of Excalibur Road and Hooks Street. The applicant owns an 88.7-acre parcel. The proposed improvements call for the placement of 0.39 acres of new impervious areas, which would be considered as "Future Expansion" in the original permit. As part of this submittal package we have provided the following:

- a. Five (5) sets of completed Section A.
- b. Five (5) sets of completed Section C.
- c. Five sets of signed and sealed engineering calculations, and other supporting data such as soils report and various maps.
- d. Five (5) sets of signed and sealed grading and drainage plans/details.
- e. Check in the amount of \$ 1,000.00.

This concludes the listing of information provided in this submittal. If there should be any questions or comments pertaining to the information provided herein please do not hesitate to contact our office.

Sincerely,

Jay A. Klima, P.E.
