Dear Ms. Grady:

With this letter, on behalf of Lake County, we are submitting a permit application for a General Stormwater Permit (40C-42).

South Hancock Road is located within Sections 3, 4, 9, and 10 Range 26 East, Township 23 South and Sections 33 and 34, Range 26 East, Township 22 South, in Lake County, Florida. As you may recall from our pre-application telephone conference on September 15, 1998, the project involves paving an existing dirt road and installing two new culverts. Since the roadway will serve new development, water quality is provided in roadside swales. There are no wetland impacts associated with the project. A copy of the meeting minutes is included in the attached report. The overall length of the project is approximately 2.0 miles. All of the proposed improvements are consistent with the regulations set forth by the SJRWMD.

Attached with this letter are the following:

- Five copies of each permit application
- Five copies of the supporting drainage calculations
- Five copies of the project construction plans
- The permit fee of \$350

Please note that sheet 2 of the attached plans is not included in the plan set; this sheet is reserved for an aerial, showing the project layout, which Lake County will insert when the project is bid.
