Response to Comments

Dear Mr. Aboodi:

Please accept the following in response to comments dated September 24, 2003:

- 1. Comment:** The permit application fee for a Standard Resource Permit application when the project area is more than one (1) acre and less than forty (40) acres is \$1,000.00. The District received a check in the amount of \$350.00 on August 27, 2003. Please submit a check in the amount of \$650.00 for the balance due. [40C-1.603, F.A.C.]

Response: **The balance of \$650.00 is included in this package.**
- 2. Comment:** Provide documentation to verify that the master drainage pond has been excavated, and that runoff from this site will be directed to the master drainage pond. Submit the required information. [40C-4.301(1)(a)(b), F.A.C.]

Response: **Chick-fil-A will not close on the property nor start construction until all utilities and storm structures have been stubbed to the site.**

Please feel free to contact me if you have any questions or require additional information. If I am not available, Rick Abt is the Civil Program Manager and will be able to answer your questions.

Sincerely,
INTERPLAN LLC
