**(Please reference the permit number/item number on all correspondence.)**

Dear Mr. Stivender:

On April 3, 2017, the St. Johns River Water Management District received your application, construction plans, and determination fee requesting an exemption verification for the above referenced project. Based on this submittal, the proposed project is a safety-related intersection improvement and involves constructing a roundabout at the intersection of CR-19A, Eudora Road, and Old US-441.

Pursuant to 62-330.051 (4), Florida Administrative Code (F.A.C.), an Environmental Resource Permit is not required since the project meets the exemption requirements.

Please be advised that this determination only applies to the District and does not relieve you from the permitting requirements of other agencies.

Thank you for your cooperation with the permitting and compliance process. If you have any questions, please contact the District at (407) 215-1453 or by email at [lporter@sjrwmd.com](mailto:lporter@sjrwmd.com).

Sincerely,

A handwritten signature in black ink that reads "John Julianna".
