733484	CLY Repair Clay Road	South Obrien Rd (2227)	10/17/2018	10/17/2018	2-2227-01	Carl Request # W006076-101518 All of South O'Brien road. Sand needs to be removed from the road, not just pushed around, it is bumpy by the next day. Good clay ends and drops off into deep sand just north of the intersection with W Libby that is hard to drive in. There is a large sand hole forming south of W Libby, about half way up the hill. The roadway is narrowing at the low spot between the Libby roads, making it hard for 2 vehicles to pass without driving in the mud or bushes	Fixed blowouts with sandy clay and compacted.
