Good Morning Allen

Just finished meeting with Turnpike I was asked about tie in from 4lane to two lane In Danny's contact could you provide a copy so I can have it for Thursday's meeting

Thank you,
Paul Erickson

Subject: N Hancock Rd prodirt services

Good Morning Jeff could you see why the County cannot be put the Email list for test reports for the N Hancock Rd. project I have not received one set of test reports from Danny or your office. Pro Dirt Services will be installing pipe as soon they get 100% plans. If 50 foot plus fills we would not want to miss any testing.

Thank you,

Paul Erickson

Joanne,

I spoke with Danny earlier, could you please scan and send me copies of the density reports for our file. I will need all that you have now and all that you will be getting throughout the construction process.
Thanks.

Terry Scott
Lake County Construction Inspection Supervisor

We have copies of all testing done by Tierra in our office, and Jim Logue has originals in his file on the job. Thank you, Joanne

Peter; We need to make sure that the Compaction being done on N. Hancock Rd. is meeting specifications. Please have submitted All test results to Terry Scott, LCPW inspector. Terry will follow up with Danny to make sure that this is being completed.

Thank you,

Fred
