**To:** David Heath, County Manager  
**Through:** Jim Stivender, Jr., P.E., P.L.S., Director  
**From:** Lori L. Koontz, Road Operations Division Manager *LLK*  
**Date:** January 6, 2016  
**Subject:** North Hancock Road Extension Project -- Road Closures

As part of the North Hancock Road Extension Project, the clay portions of North Hancock Road and Citrus Grove Road will be closed to thru traffic effective Tuesday, January 12, 2016. Additionally, Jorhagen Drive, a City of Minneola road, will be closed at its connection to North Hancock Road. Please see attached map for details.

The road closures are needed to accommodate the next phase of construction of the North Hancock Road Extension project. The project is scheduled to be completed in March 2016 and will provide a major transportation corridor connecting to the new Minneola Interchange of Florida's Turnpike. Jorhagen Drive will re-open after the connection to the Turnpike has been completed while the clay portions of North Hancock Road and Citrus Grove Road will remain closed due to traffic pattern changes in this area.

Please do not hesitate to contact me at 343-6439 if additional information is needed.
